# Board vetoes leaf burning

The Antioch Village Board has cited Georgetown Furniture and Bedding Company for

operating a warehouse in this building, at 890 Main Street, in

violation of the Village Zoning ordinance. (Staff Photo)

## Downtown zoning violation cited

The Antioch Village Board took action Monday night, October 1, to have the Village Attorney send a letter of zoning violation to the Georgetown Furniture and Bedding

Co. which has its warehouse at 890 Main Street in downtown Antioch, in the old Antioch Furniture building.

The village zoning ordinance downtown states that no more

than 50 percent of any building in the downtown area may be used for storage.

The letter will give George-

Continued on page 2

There will be no leaf burning in Antioch this fall.

The Antioch Village Board voted Monday night, October 1, to uphold the old village ordinance prohibiting leaf burning in the village.

The vote was a close one. Three Board members voted for the continued restriction of burning, three voted to allow it. The deadlock was broken by Mayor Robert Wilton who voted to restrict.

The ordinance supercedes within the village limits the new Illinois state law which removed the statewide ban on leaf burning as of October 1, 1973.

The new state law removed the power of the Illinois Pollution Control Board to ban leaf burning unless there is "medical and biological evidence" showing sufficient contaminants in the air to cause injury to "humans, plant or animal life, or health."

Individual communities, however, retain the right to ban burning despite the new law. As of October 1, 1973, communities in Lake County prohibiting leaf burning in-

clude: Antioch, Barrington, Deerfield, Fox Lake, Lincolnshire, Wauconda and Waukegan.

Bill Seemann was the most verbal proponent of leaving the ban on burning. Seemann, a biology instructor at Antioch Community High School, said it is ridiculous for students to study ecology in school, learn that burning contaminates the atmosphere we breathe and then go out and see an entire community doing just that.

Seemann also said that if leaf burning were allowed there would be those who would take advantage of the situation and burn trash mixed in with leaves.

Marge Nelson spoke out strongly in favor of leaf burning. She said, in her opinion, leaf burning did not pollute nearly so much as industrial burning.

This year Antioch will follow the same leaf disposal system as it did last year. The Village will collect leaves on Monday mornings and bury them.

Leaf pick-up will begin next Monday, October 8th and extend as long as necessary.

## Howard Bonner named to High School Board

Howard Bonner, of Sand Lake Road, east of Lindenhurst, is the newest member of the Board of Education of Antioch Community High School, District 117. He was selected by the other Board members on September 27 to replace Larry Fears, of Lindenhurst, who submitted his resignation.

Fears said he was resigning from the Board in order to move closer to his job in Chicago. The recent hospitalization of his wife also figured in Fears' decision.

Bonner served on the board of the Millburn School district from 1950 to 1970. He feels that this experience will certainly aid him in his new position, as "the problems of one school are basically the same as those of another." However, he expects to need some time at the beginning to acquaint himself with the specific situation at ACHS.

Bonner has lived on the family farm on Sand Lake Road for all of his near-55 years. He is the fourth generation of his family to run the farm.

He and his wife, Mildred, have three children. A son,

HOWARD BONNER

John, is a student at Iowa State University. Another son, Jim, is a helicopter pilot in Janesville, Wisconsin. Their daughter, Gail (Mrs. Dan Smith), a graduate of Illinois State University, lives in Normal, Illinois.

According to High School Board President Robert Lindblad, Bonner will serve on the Board until the next Board election, set for April 1974. At that time, someone must be elected to fill the remaining one year of Fears' term.

Mayor Robert Wilton got in some practice for leading the Cancer Society Bike-A-Thon in Antioch, October 13, when he and others checked out the three bicycles to be offered as prizes. Shown (l to r) are: Youth Officer Chuck Miller; Don Walsh of Walsh's All Seasons, who donated a bike; Police Chief Jack Wells; Kenn Nelson of The Shoe Box, donors of a bike; Mayor Wilton; Pres Reckers of the State Bank, donors of a bike; Fire Chief Tod Mapletorpe. ## DOWNTOWN ZONING VIOLATION CITED

Continued from page 1

town ten days in which to remove their merchandise or attempt rezoning.

The Board decided that Everett Oftedahl would not be in violation of the zoning ordinance by moving his Frostee Foam Co. operation into the Teresi Chevy-Olds building, 120 Main Street, Antioch.

Oftedahl's operation would involve processing and light assembly and would not use over 50 percent of the available space for storage, and therefore, not violate the ordinance.

Oftedahl said he plans to rent the Teresi building for 18 months and plans to dress his windows in an attractive manner with samples of his own product. Also he is considering the possibility of leasing window space to other area merchants to display their wares.

The operations in which Oftedahl will engage in the Teresi building are now in the Town for Men and Boys, 907 Main Street. Oftedahl plans to move out of Town for Men and Boys building when he enters Teresi's.

In other Board action bids were accepted for the McMillan Road watermain extension. Dempsey Ang Inc. entered the lowest bid of \$36,070.

The Board also kept the security deposits of the two next lowest bidders, E. & R. Robinson Co. and Leo Fox Trucking. All three contractors will be considered for the job.

A letter was read at the meeting from Commonwealth Edison Co. regarding the recent power blackouts. It stated that it was weather conditions, not faulty equipment, which caused the blackouts. The letter said, however, that Commonwealth Edison engineers would continue their probe into the problem.

Approval was given by the Board to pay R.D. Ludwig Trucking and Excavating \$5,650 for demolition of the former roller rink building on Broadway.

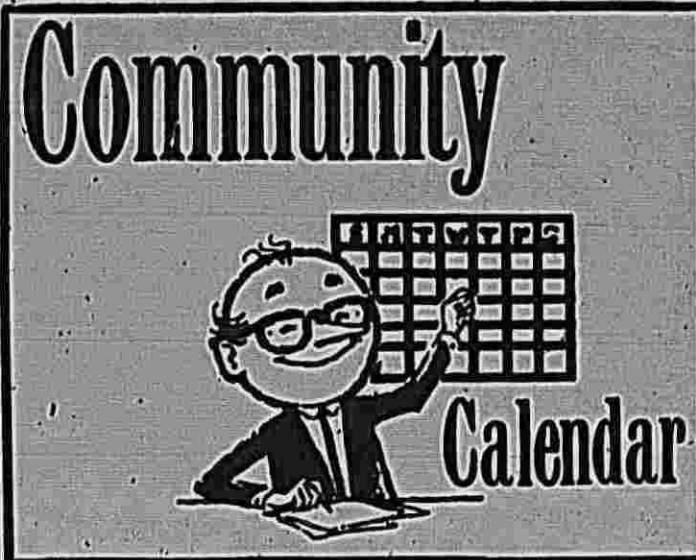

The Board passed a motion to purchase ten refuse cans to put in the Plaza area on Orchard Street.

After considerable debate, the Board passed a motion to leave the present village leaf burning ordinance as it now stands, leaving Antioch one of seven Lake County municipalities with a ban on the burning of leaves.

It was decided to direct the Village Attorney to look into the possibility of placing a lien on the property of Mrs. Ruth Mustain of Chicago. Mrs. Mustain is the owner of the property on which the Corbin Express Travel Agency is located, 927 Main Street.

According to Village Clerk Marilyn Sterbenz, there was an agreement about a year ago for the Village and property owners to pay an equal share of the cost of the new sidewalk on Main Street. Mrs. Mustain has not yet paid her share of the cost.

The Board also passed a motion to pay a workman's compensation insurance bill of \$2,426.

## BLECKE NAMED PRINCIPAL

Arthur Blecke became formally recognized as principal of Antioch Community High School at the High School Board meeting Thursday night, September 27.

Blecke has been performing most of the duties of principal for almost a year, since the high school dropped from five to four administrators.

The action freed Superintendent Warren Polley to operate solely as superintendent.

In other action the Board unanimously approved the formation of a 12-member Vocational Advisory Committee for the purpose of advising Antioch High School in matters of vocational training.

The recent power failures in Antioch prompted the Board to unanimously approve the allocation of \$3,277 for the purchase of emergency units for the present lighting installations.

Twenty-three units will be bought. Each will have a minimum lighting capacity of

90 minutes.

Also approved was the purchase of a new generator to power the school's public address system during power failures.

The Antioch Lions Club was granted use of the school's Commons area for their October 21, Save Our Sight program.

The Board also approved the rental of the school gymnasium for an October 24, professional wrestling match, to be sponsored by the Chamber of Commerce and Industry.

Carl Leatherberry was hired as a new full-time school custodian.

The Board went into executive session for nearly three hours at the meeting. The main topic of discussion was the reinstatement of the four students who were expelled September 20, for involvement in drug traffic on the Antioch High School campus. The Board voted not to reinstate the students.

## THAT DOGGY IN THE DOG POUND

Dan Sterbenz, son of Village Clerk Marilyn Sterbenz, was rolling down the highway on his way home from school in Chicago last weekend, when he saw a small, black, moving object go shooting out of the car in front of him.

Sterbenz turned his car around and went back to the spot he thought he saw the little black ball fall. Getting out of his car, he began searching through the high

weeds growing along the road.

He was about to leave when he spotted the cast-away - a tiny black mongrel puppy.

Sterbenz brought the dog home to Antioch, where the little female fugitive is being held without bond in the Village dog pound. She will be released, however, into the custody of the first lonely family who wants her.

Around the pound she's known as "Gypsy."

## HIGHWAYS TO GET REVENUE SHARING MONEY

Public transportation will receive \$26,690 of revenue sharing money if Antioch Township receives its total estimated allocation of \$43,690.

Antioch Township Supervisor Lloyd "Red" Murrie said that the amount of money from the road and bridge fund and from the special gravel fund does not allow the Highway department

to function properly.

Murrie said he feels that with the use of revenue sharing money the department will be able to complete some unfinished highway projects.

Murrie also said he hopes the revenue sharing will allow Highway Commissioner Blaine Ring to upgrade the township's road-working equipment.

## Five Minutes Could Save A Life

Five minutes is not much time out of anyone's life.

If a friend asked for "five minutes of your time" to help him out, chances are you'd grant the request with hardly a second thought.

This week your fire department is asking you to take five minutes out of one day -- five minutes that could mean the difference between life and death for you or a member of your family, if fire ever strikes your home. Can you afford the time?

The request is part of Operation EDITH -- Exit Drills In The Home. If you have children in school, you have probably seen a pamphlet of that name which they brought home this week. If not, copies can be obtained through the fire department or at the Village Hall.

The booklet suggests what should be done to get people out of a burning house. The importance of planning ahead is stressed, because there isn't much time for thought when smoke and flame surround you.

"What one does as soon as smoke or fire is detected must be done quickly, safely and virtually habitually, without much thinking," the pamphlet states.

Most fire chiefs survey the buildings of their town and plan what to do should that building catch on fire. This is simply pre-planning. By thinking ahead, the fire department can act quickly in the case of an emergency. Valuable minutes are saved.

A family can -- and should -- do the same thing. Exit routes should be mapped out. Practice drills should be held, to make sure that everyone can negotiate the way through hallways, down stairs, or out windows. It will be harder through smoke and darkness, if you suddenly have to "remember" where the nearest door or window is.

Lives are at stake.

The national organizers of Operation EDITH are suggesting that just five minutes, from 5:55 to 6:00 on the evening of Tuesday, October 9, -- during Fire Prevention Week -- be set aside for this crucial family discussion. We don't see how anyone can lightly ignore this suggestion.

Operation EDITH is essentially advance planning, on a family level, just like the planning a fire department goes through to save buildings.

Read the pamphlet that your children bring home from school, or get a copy from the fire department. Study its suggestions.

Set aside five minutes in your family to talk about what each person must do in an emergency. The suggested time on Tuesday evening would be as good as any for this discussion. This way, everyone knows just when the discussion is going to be and can plan to be there.

Make time for EDITH in your family.

It only takes five minutes.

## Ask the Governor

Gov. Dan Walker invites you to question him about state government and what state government should be doing for people. All questioners will be answered by letter by Gov. Walker and some of the questions and answers will appear, probably condensed, in this column. Letters must be signed and an address provided. Send to: ASK THE GOVERNOR, Illinois Information Service, 105 State Office Building, Springfield, Illinois 62706.

The first few columns will use questions and answers from Gov. Walker's accountability sessions being held throughout the state. As soon as the mail develops, the governor will use the mailed questions.

Q. Overburdened small-home owners are on the verge of a tax revolt because ever-increasing real estate taxes are forcing them out of their homes and because appeals for relief have fallen on deaf ears. Working class people are saying: We understand that we should pay our fair share of real estate taxes and we don't object to that. But we are sick and tired of the fat cats getting off scot-free while our property taxes go up, and up, and up. Tax the big boys, then we'll come in

and pay our fair share. What can be done?

A. Nobody yet has come up with a formula that will provide for a freeze and at the same time provide headroom for school districts and areas that are newly developing, where new homes are being built, and where you must have more policemen and firemen, plus more schools.

I would love to see a property tax freeze that would be equitable to everyone. But we don't have such a formula and, until we get one, all I can say is: We'll keep on trying.

A major problem is assessments. They are not being imposed equitably all over this state. Some large taxpayers are getting away with murder in terms of their assessments. We will go a long way toward producing a more equitable system if we can make sure that all property is assessed uniformly and that the big plant does not get a break that the home owner does not get.

Q. You mentioned before that you weren't going to increase taxes, or you hoped you would not have to. What kind of funding will be coming in the near future -- let's say the next two or three years -- for monies

to the school districts, since we have such a problem these days to get bond issues approved by the voters?

A. Funding for education is a problem. The largest increase that I proposed in my budget for this current fiscal year was for education -- \$134 million more than last year. That's the largest increase in Illinois history without an increase in taxes. This enabled us to move up substantially from about 38 percent to 40 percent the state's share of the cost of primary and secondary education. I hope that we can continue to make that kind of progress. But I do have to say this about education. The state is pouring more and more money into education and I think it should, but I think the people are also entitled to ask: How is this money being spent? Because in some areas of this state, while there is a vast increase of money, kids haven't learned even to read, as well as they should. The quality of education is not being improved. I see money being wasted in the Chicago school system. They are spending millions of dollars on administration -- dollars that should be out there in the front line of education, which is the classroom and the teacher. The big city school systems have got to change that. I will keep on fighting to increase the state's share every year and also to cut down on the administration drain. And, boy, it's a drain.

## McCLORY SUPPORTS AGNEW'S REQUEST

The House of Representatives should face up to its constitutional responsibilities and prerogatives in response to the recent request of the Vice President. Faced with an investigation of charges relating to periods both before and since assuming the vice presidency, Vice President Agnew is relying upon Article II of the U.S. Constitution, and a precedent established almost 150 years ago when former Vice President John Calhoun was confronted with charges relating to his earlier service as Secretary of War.

In that case, Vice President Calhoun appealed to the House of Representatives, which authorized an investigation by a Select Committee. The result of that investigation was that Vice President Calhoun was vindicated. However, in 1873, the House of Representatives investigated charges against Vice President Schuyler Colfax, involving his activities prior to assuming the office of Vice President. The House determined that it was without jurisdiction to entertain impeachment proceedings based upon such allegations and deferred its investigative action to the courts.

To the extent that charges against Vice President Agnew relate to a period prior to his becoming Vice President, it is argued that the Colfax ruling is decisive and that the House of Representatives is without any constitutional right or responsibility to review the charges against him.

However, without any direct factual basis upon which to act, it would seem quite improper for the U.S. House of Representatives summarily to reject the

Vice President's request, and to renounce any right or responsibility to investigate the numerous (and so far unproven) charges of misconduct against him.

It would seem to this Member of Congress that the House of Representatives should undertake a careful study and investigation designed to consider one of three alternative courses of action -- namely, (1) to investigate and determine

whether or not there are any grounds for impeachment; (2) to decide whether or not the issues raised are within the exclusive jurisdiction of the courts; or (3) to determine whether some of the allegations present appropriate subjects for investigation by the Congress, while other subjects belong more appropriately in the judicial system.

The House Minority Leader, Congressman Gerald R. Ford of Michigan, put the subject succinctly when he declared. "I believe deeply in the American principle that a man should be presumed to be innocent unless proved to be guilty. I favor a House investigation of the charges against Vice President Agnew because fairness dictates that he should be permitted this opportunity to defend himself in open hearings."

What could be fairer -- or more consistent with our U.S. Constitution -- and American justice?

## 19 YEAR OLD DRINKING: FEW PROBLEMS SEEN

Citizens 19-21 years old gained the right to drink wine and beer in Illinois Monday, October 1.

Police, local bar owners and bartenders, and owners of retail liquor stores do not expect the wide spread problems and general confusion that have been anticipated since the drinking bill was signed into law.

In a meeting with local bar owners Friday, September 28, at the Village Hall, Police Chief Jack Wells said, "I'm really not too concerned about it," regarding the policing of the new law. "I'm going to advise the officers to use a lot of discretion in tavern calls."

Wells said he intends to leave the matter of enforcement primarily up to the bar owners, if at all possible.

The main problem with which Wells and Antioch bar owners and retailers are concerned is the regulation of the sale of only wine and beer to 19- and 20-year olds. It is generally agreed that the possibility exists that, once in a tavern, 19- and 20-year olds will engage in drink-swapping with persons who are 21 or over who are able to buy hard liquor.

There is general agreement among bar owners, bar tenders and retailers in Antioch as well as with police, that the new law should allow 19- and 20-year olds to purchase hard liquor also.

Wells said the Illinois Police Chief's Association and the Tavern Owners Association are intending to write letters to Springfield asking for a special session of the legislature to pass an amendment allowing 19- and 20-year olds to drink all forms of alcoholic beverages.

Dan Haley, 23-year old owner of the Limerick Lounge, 912 Broadway, Antioch, said, "I have no idea why they passed it only for beer and wine. I think it's ridiculous. If they're old enough to drink beer and wine, they're old enough to drink hard liquor."

"They can get just as drunk on beer and wine as they can on hard liquor."

Haley said he is thinking about possibly stamping the backs of hands, using one color ink for those 21 and older and another color for those 19 and 20.

Barbara Verdien, bar tender at Bob's Tap, 911 Main Street, Antioch, said she thinks the State should have lowered the new drinking age to 18 since that is the legal drinking age in Wisconsin.

She also said she thinks it is silly that the new young drinkers cannot have a shot of hard liquor but can instead have wine and beer together. This, she said, is one of the most potent alcoholic combinations to be consumed.

She added that she does not

really anticipate a great deal of trouble.

William Georgeson, owner of the Village Pub, 899 Main Street, Antioch, agreed that 19- and 20-year olds should not be restricted to only wine and beer. He said he realizes there will be those who will attempt to pass and switch drinks, but he said he does not worry about it.

I can see all my people, he said, referring to the location of tables in his pub. He added that he did not really anticipate too much business from 19- and 20-year olds. He said he thinks they will continue to frequent their old habitats in Wisconsin.

Haley disagrees. He said he thinks he will receive a considerable amount of 19- and 20-year old business. And he believes the lowering of the age limit is basically good because it will "keep the kids in towns." He said he can see no reason to drive elsewhere when drinking facilities will exist in Antioch.

Tim Geary, a bartender at Thompson's Bar and Grill, 933 Main St., Antioch, said he believes the lowering of the drinking age is basically a good thing because an individual who is old enough to serve his country in the armed forces is old enough to step into a bar and enjoy a beer.

Mayor Robert Wilton commented, "I think it's a real hard law to live with. It's going to be hard to police..."

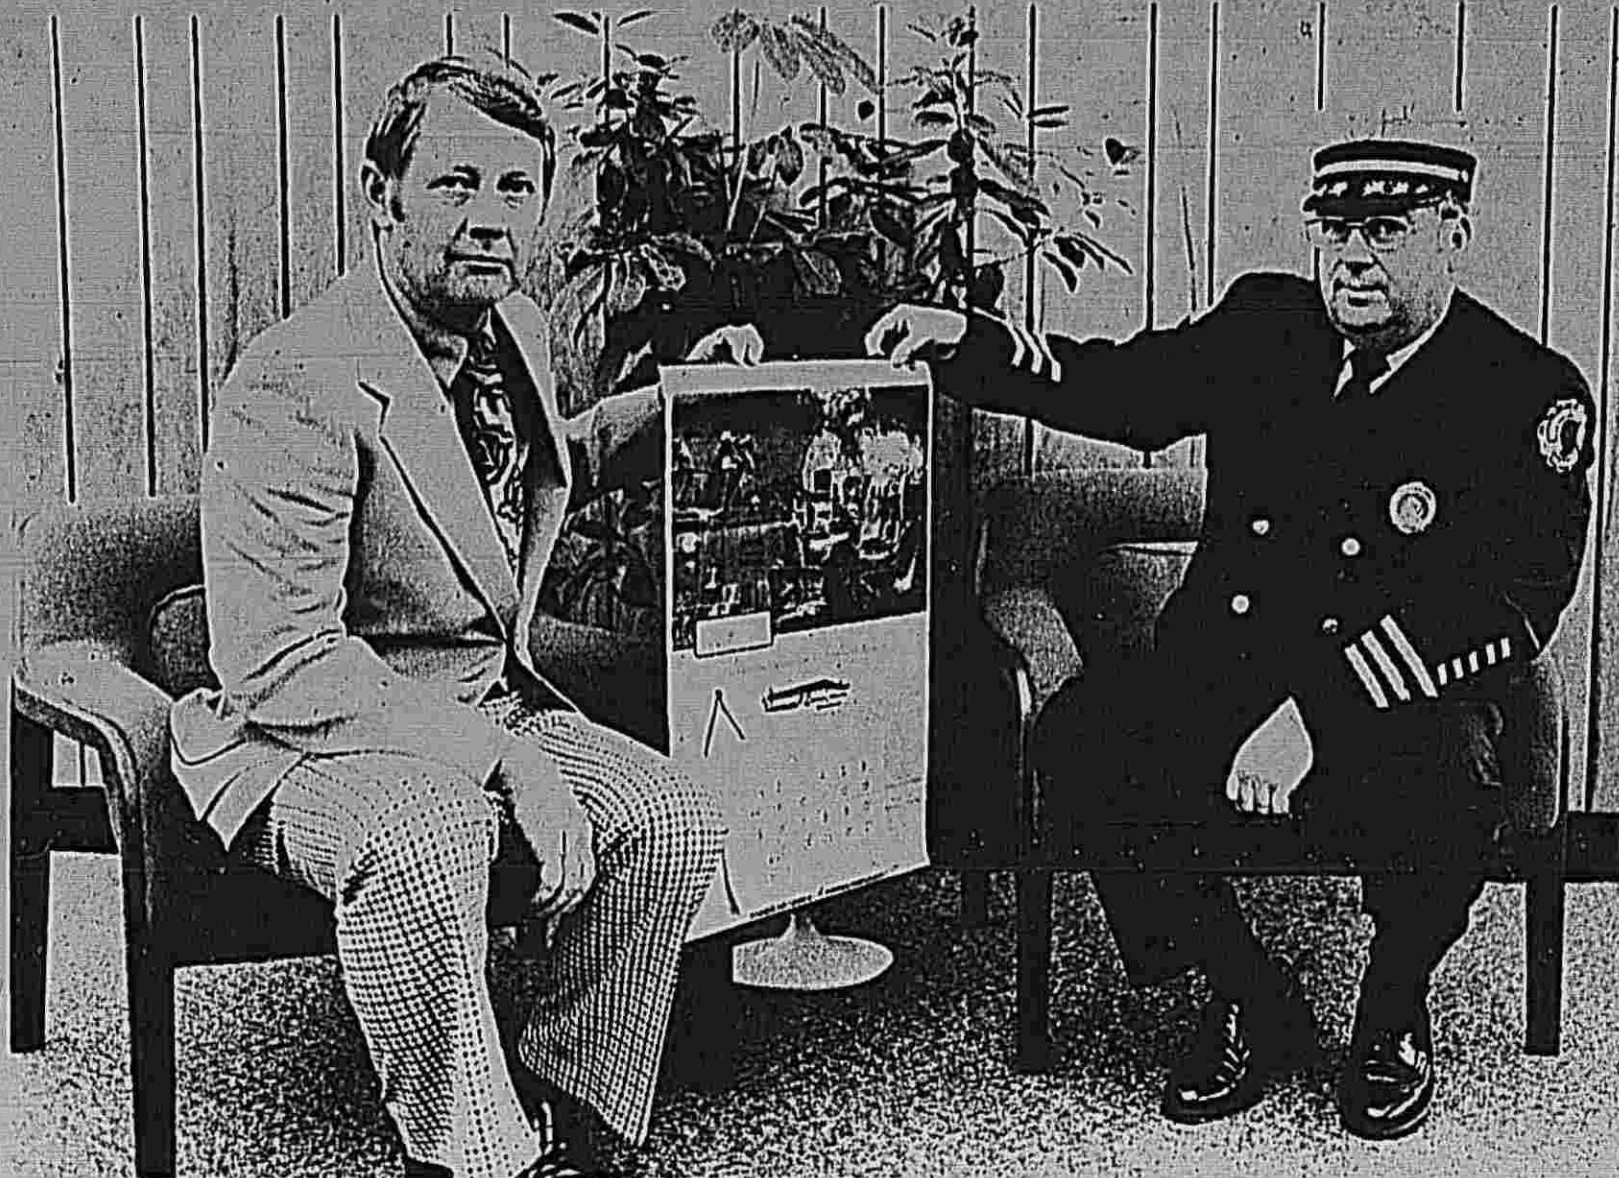

Wilton, added, however, that since Wisconsin has its low drinking age, attracting youths from the Antioch area, the law is basically a good one. He said that since January six area youths have been killed in traffic accidents linked directly to trips to Wisconsin for the purpose of drinking.

Wilton said the law seems to be one of passivity, designed as a sort of compromise to please both those who believed the drinking age should be lowered and those who believed it should not be.

At the Village Hall meeting Friday, Chief Wells warned bar owners to realize that every 19- and 20-year old entering their establishment is entitled by law to service. He said that if liquor dealers refused service to 19- and 20-year olds as a way of escaping the possible problems connected with the new law, they could face the possibility of a civil rights suit.

To deny these persons service because of age would, by law, he said, be the same as refusing them service because of race, sex, religion or creed. Any refusal of service, he continued, would have to be on an individual basis due to drunkenness or conduct.

Wells also advised dealers and owners that it would be bad

Jack Fields, Vice President of the State Bank of Antioch (left) and Antioch Fire Chief Todd Maplethorpe display the new Fire Department calendars which will be distributed by the Antioch Boy Scouts during Fire Prevention Week being held this year from October 7 through 13th. The calendars are furnished each year by the State Bank of Antioch. (Staff Photo)

## Firemen Promote EDITH

In conjunction with fire departments throughout the country, the Antioch Volunteer department is promoting a life-saving program known as EDITH.

Operation EDITH (Exit Drills In The Home) is described as "essentially, advance planning" for a possible emergency. It is being promoted now to coincide with Fire Prevention Week, October 8-13.

Fire Chief Tod Maplethorpe announced that a pamphlet on planning for fire emergencies in the home is being distribu-

ted through the schools this week. The booklet describes what should be done to get the family out of a burning house and stresses the importance of planning ahead. "What one does as soon as smoke or fire is detected must be done quickly, safely and virtually habitually, without much thinking," the pamphlet states.

"We are encouraging everyone to READ this pamphlet," Maplethorpe advised, "and then set some time for the entire family to sit down and

discuss what must be done in any emergency."

The national organizers of Operation EDITH are suggesting that just five minutes, from 5:55 to 6:00 on the evening of Tuesday, October 9, be set aside for this crucial family discussion. Television publicity will promote this idea.

"Each family should work out their own fire escape plan and make sure all family members are familiar with it," Maplethorpe stresses. "It may help save a life in the event of an emergency."

business to discourage new drinkers from patronizing their stores and bars.

"These kids are going to drink, there's no question about it. If they don't drink at your place, they'll drink somewhere else," Wells said.

Chief Wells and Mayor Wilton attended a meeting in Waukegan Tuesday, September 25, in which area mayors and their chief law enforcement officers and members of the Lake County Liquor Commission met with representatives of the

Illinois State Liquor Commission and state representatives for the purpose of understanding better their responsibilities under the new law.

Wells said he will make two affidavits available to owners and dealers which they may require to be signed by young patrons whose age is in question, despite identification.

In one affidavit a patron swears he is 21 or older. In the other he swears he is between the ages of 19 and 21. Each signing must be witnessed. The

affidavits release the seller of liquor from any legal obligation.

One area still cloudy involves the age of persons who dispense liquor over the counter in retail stores and act as waitresses in drinking establishments. It is not certain whether the age of persons engaged in occupations of such a nature will be lowered. Wells advised dealers and owners to abide as closely as possible with the old regulation until the requirements of the law are clear.

## MIDDLE OF THE WEEK WORSHIP SERVICE

Now for your convenience, the St. Stephen Lutheran Church is providing a Thursday evening Worship Service:

- ★ For weekend travelers;
- ★ for those who must work on Sundays;
- ★ or for those who feel the need of an additional touch with God.

Service Begins 7:15 P.M.

ST. STEPHEN LUTHERAN CHURCH

Sunday Worship 9:30 a.m.  
Church School 10:45 a.m.

Hillside and Rt. 59 - Antioch  
Rev. Philip Laurin, Pastor

## COMMENTS ON NUCLEAR SAFETY

Discussing nuclear safety, Thomas G. Ayers, chairman and president of Commonwealth Edison Company, compares the chain of precautions built into nuclear power plants with having a half-dozen braking systems on an automobile, each backing up the other. "These layers of carefully engineered safeguards, together with the quality assurance

and regulatory surveillance that attend the design, construction and operation of all nuclear plants provide the basis of our confidence in nuclear power safety," Mr. Ayers says. He also points out that 675 plant-years of operation have been logged by nuclear stations throughout the world without a single radiation fatality.

## ZION NUCLEAR STATION TO BE DEDICATED

The largest nuclear power plant of its type in the world will be recognized in formal dedication ceremonies to be held Thursday, October 4, at the Zion Nuclear Station in Zion, Ill. Dedication ceremonies will begin at 11:30 a.m. and will include a luncheon and tour of the facility.

The \$450 million Commonwealth Edison Company Zion Station will ultimately produce

2.2 million kilowatts of electric power, enough to meet the needs of a city of approximately one million people.

The modern, two-unit plant has twin 1,100 megawatt pressurized water reactor steam-electric units, the first of which began test operation in June and received a partial operating license from the U.S. Atomic Energy Commission in August. The second unit is nearing completion and is expected to be ready for operation in late 1973. Nuclear reactors and turbine-generator units for the plant were manufactured by Westinghouse Electric Corporation. Engineering and architectural services were provided by Sargent and

Lundy of Chicago. The station will have a permanent operating staff of over 200 engineers, physicists and technicians.

Representing the sixth and seventh nuclear units on the Commonwealth Edison system, the Zion facility will help meet the growing demand for electrical energy, nearly 10 percent per year, in Northern Illinois and the Chicago metropolitan area. Commonwealth, which operates more nuclear reactors than any other utility, expects one-third of its total 1973 output to be provided by nuclear energy. The company has logged over 21 safe and clean reactor-years of nuclear plant operation at its five existing nuclear units.

## GEO-KARIS ANNOUNCES HEARING SCHEDULE

State Rep. Adeline J. Geo-Karis (R-Zion) has announced the first public hearing of the House Human Resources Interim Study Committee which she chairs.

The committee will hold the hearing on October 12 from 10 a.m. to 5 p.m. in the Waukegan City Hall to consider nine pieces of legislation.

The legislation, bills and resolutions, covers such issues as the aging, acupuncture, funeral expenses, minimum age for blood donors, sanitation and regulation for retail foods, and "death with dignity."

The "death with dignity" legislation centers on the

controversial issue of keeping individuals alive with artificial means in cases of terminal illnesses which have rendered patients totally helpless and/or unconscious.

"Individuals wishing to testify," Ms. Geo-Karis said, "are encouraged to do so. They should pick up and complete a witness slip when entering the hearing room."

Other members of the Human Resources Interim Study Committee are Representatives Donald Deuster, Giddy Dyer, William Kempiners, Bruce Douglas, Joseph Lundy and Peggy Smith Martin.

## NIPC conducts public hearing October 3

The Northeastern Illinois Planning Commission (NIPC) will conduct a public hearing Wednesday (October 3) to gather testimony on proposed changes to the Regional Wastewater Plan Northwest Lake County service area.

The hearing will be at 1:30 p.m. in Fox Lake Village Hall, 50 E. Ernest St.

Purpose of the hearing will be to consider:

—A joint proposal of the Lake County Department of Public Works and the Village of Fox Lake to expand and upgrade the Fox Lake wastewater treatment plant.

—The alignment and scheduling of certain principal sewers designed to eventually phase out a number of existing treatment plants and to provide municipal wastewater service to areas now on septic tanks.

—Amendments proposed by NIPC to eliminate certain sewers earlier proposed in the extreme northwestern portion of Lake County. The deletion of these sewers is intended to protect lands identified as priority open space.

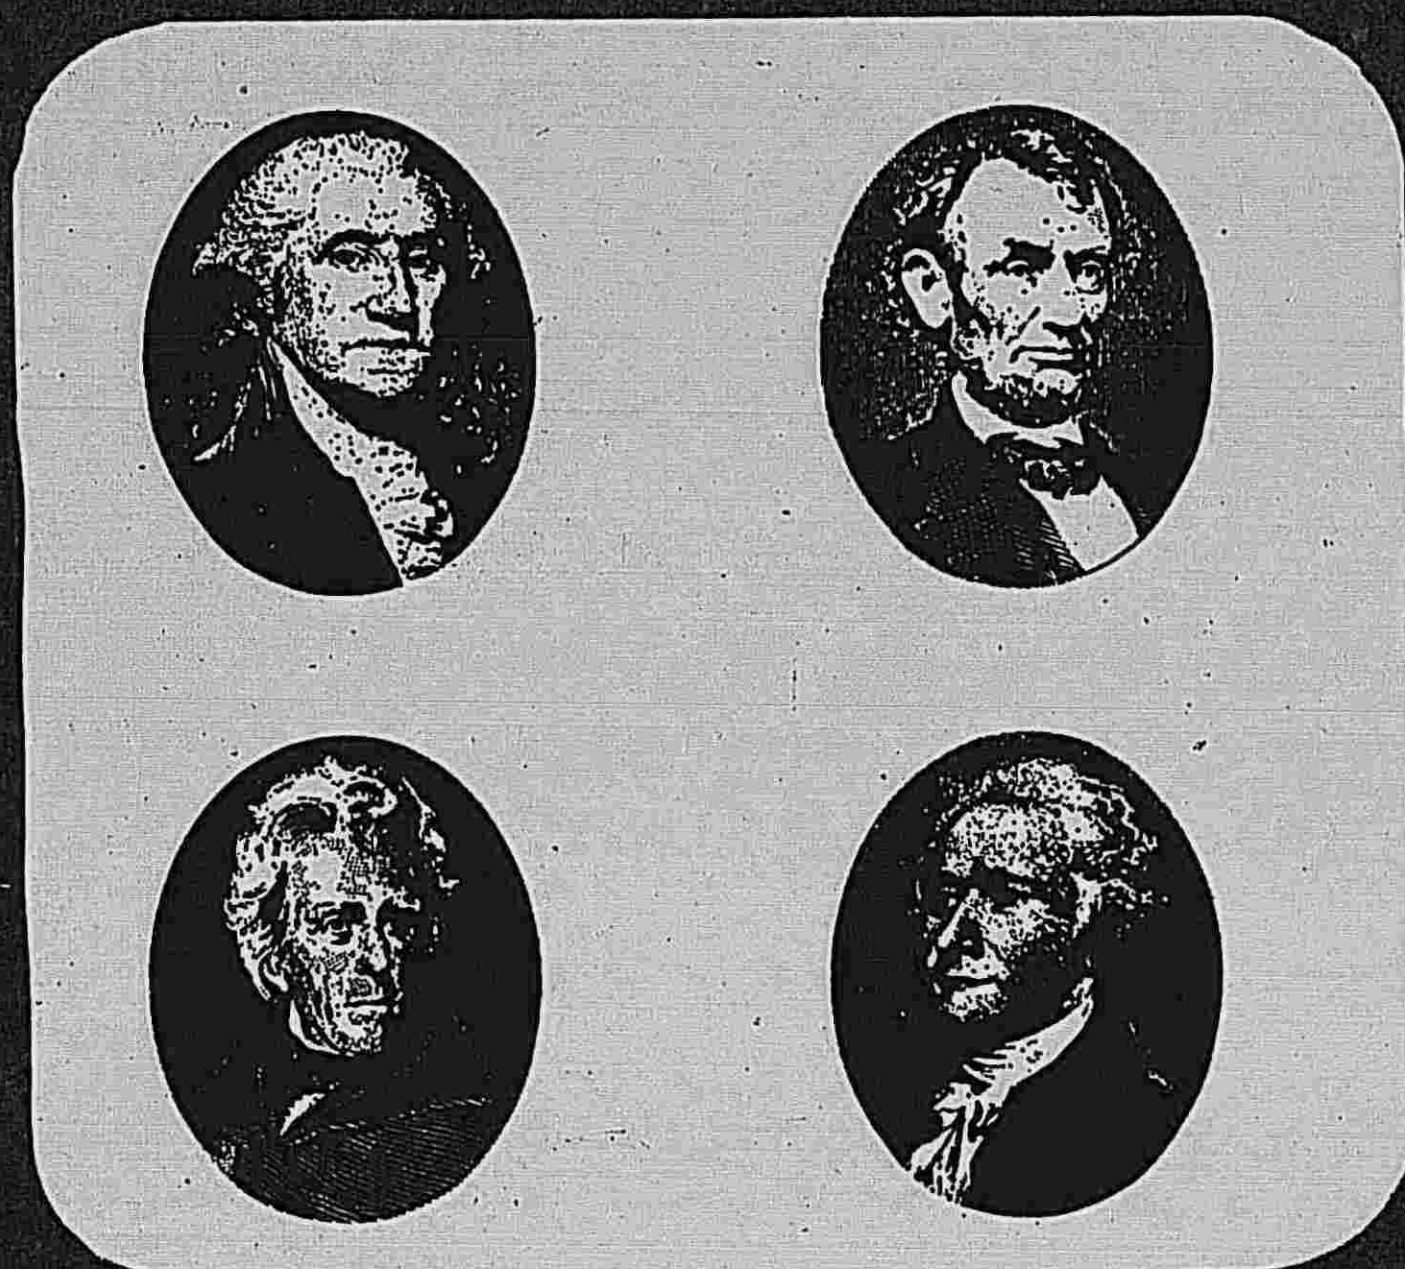

—The environmental impact of the proposed changes and the scheduling of improvements.

—A McHenry County Regional Planning Commission request to include the community of Sunnyside in the Regional Plan's Northwest Lake County service area. Sunnyside is located two and one-half miles west of the Fox Lake treatment plant.

McHenry County officials seek to explore possibilities of this area being served by Fox Lake's plan, designated a regional wastewater facility in the NIPC Wastewater Plan. At the same time, the McHenry County Planning Commission has expressed concerns about the quality of effluent an expanded Fox Lake plant will discharge into the Fox River.

Testimony offered at the public hearings will be considered in making final decisions on Plan amendments. Recommendations on revisions to the NIPC Plan are expected to be considered by the NIPC Planning Committee October 9. The Planning Committee will make its recommendations to the full Commission October 18.

Federal funding for local wastewater treatment improvements hinge on the consistency of a local community's plans with the Regional Wastewater Plan. Plan amendments will attempt to reconcile local and regional aspirations for growth and development in northwest Lake County.

## 19 YEAR OLD DRINKING: FEW PROBLEMS SEEN

Citizens 19-21 years old gained the right to drink wine and beer in Illinois Monday, October 1.

Police, local bar owners and bartenders, and owners of retail liquor stores do not expect the wide spread problems and general confusion that have been anticipated since the drinking bill was signed into law.

In a meeting with local bar owners Friday, September 28, at the Village Hall, Police Chief Jack Wells said, "I'm really not too concerned about it," regarding the policing of the new law. "I'm going to advise the officers to use a lot of discretion in tavern calls."

Wells said he intends to leave the matter of enforcement primarily up to the bar owners, if at all possible.

The main problem with which Wells and Antioch bar owners and retailers are concerned is the regulation of the sale of only wine and beer to 19- and 20-year olds. It is generally agreed that the possibility exists that, once in a tavern, 19- and 20-year olds will engage in drink-swapping with persons who are 21 or over who are able to buy hard liquor.

There is general agreement among bar owners, bar tenders and retailers in Antioch as well as with police, that the new law should allow 19- and 20-year olds to purchase hard liquor also.

Wells said the Illinois Police Chief's Association and the Tavern Owners Association are intending to write letters to Springfield asking for a special session of the legislature to pass an amendment allowing 19- and 20-year olds to drink all forms of alcoholic beverages.

Dan Haley, 23-year old owner of the Limerick Lounge, 912 Broadway, Antioch, said, "I have no idea why they passed it only for beer and wine. I think it's ridiculous. If they're old enough to drink beer and wine, they're old enough to drink hard liquor."

"They can get just as drunk on beer and wine as they can on hard liquor."

Haley said he is thinking about possibly stamping the backs of hands, using one color ink for those 21 and older and another color for those 19 and 20.

Barbara Verdien, bar tender at Bob's Tap, 911 Main Street, Antioch, said she thinks the State should have lowered the new drinking age to 18 since that is the legal drinking age in Wisconsin.

She also said she thinks it is silly that the new young drinkers cannot have a shot of hard liquor but can instead have wine and beer together. This, she said, is one of the most potent alcoholic combinations to be consumed.

She added that she does not

really anticipate a great deal of trouble.

William Georgeson, owner of the Village Pub, 899 Main Street, Antioch, agreed that 19- and 20-year olds should not be restricted to only wine and beer. He said he realizes there will be those who will attempt to pass and switch drinks, but he said he does not worry about it.

I can see all my people, he said, referring to the location of tables in his pub. He added that he did not really anticipate too much business from 19- and 20-year olds. He said he thinks they will continue to frequent their old habits in Wisconsin.

Haley disagrees. He said he thinks he will receive a considerable amount of 19- and 20-year old business. And he believes the lowering of the age limit is basically good because it will "keep the kids in towns." He said he can see no reason to drive elsewhere when drinking facilities will exist in Antioch.

Tim Geary, a bartender at Thompson's Bar and Grill, 933 Main St., Antioch, said he believes the lowering of the drinking age is basically a good thing because an individual who is old enough to serve his country in the armed forces is old enough to step into a bar and enjoy a beer.

Mayor Robert Wilton commented, "I think it's a real hard law to live with. It's going to be hard to police..."

Wilton, added, however, that since Wisconsin has its low drinking age, attracting youths from the Antioch area, the law is basically a good one. He said that since January six area youths have been killed in traffic accidents linked directly to trips to Wisconsin for the purpose of drinking.

Wilton said the law seems to be one of passivity, designed as a sort of compromise to please both those who believed the drinking age should be lowered and those who believed it should not be.

At the Village Hall meeting Friday, Chief Wells warned bar owners to realize that every 19- and 20-year old entering their establishment is entitled by law to service. He said that if liquor dealers refused service to 19- and 20-year olds as a way of escaping the possible problems connected with the new law, they could face the possibility of a civil rights suit.

To deny these persons service because of age would, by law, he said, be the same as refusing them service because of race, sex, religion or creed. Any refusal of service, he continued, would have to be on an individual basis due to drunkenness or conduct.

Wells also advised dealers and owners that it would be bad

Jack Fields, Vice President of the State Bank of Antioch (left) and Antioch Fire Chief Todd Maplethorpe display the new Fire Department calendars which will be distributed by the Antioch Boy Scouts during Fire Prevention Week being held this year from October 7 through 13th. The calendars are furnished each year by the State Bank of Antioch. (Staff Photo)

## Firemen Promote EDITH

In conjunction with fire departments throughout the country, the Antioch Volunteer department is promoting a life-saving program known as EDITH.

Operation EDITH (Exit Drills In The Home) is described as "essentially, advance planning" for a possible emergency. It is being promoted now to coincide with Fire Prevention Week, October 8-13.

Fire Chief Tod Maplethorpe announced that a pamphlet on planning for fire emergencies in the home is being distribu-

ted through the schools this week. The booklet describes what should be done to get the family out of a burning house and stresses the importance of planning ahead. "What one does as soon as smoke or fire is detected must be done quickly, safely and virtually habitually, without much thinking," the pamphlet states.

"We are encouraging everyone to READ this pamphlet," Maplethorpe advised, "and then set some time for the entire family to sit down and

discuss what must be done in any emergency."

The national organizers of Operation EDITH are suggesting that just five minutes, from 5:55 to 6:00 on the evening of Tuesday, October 9, be set aside for this crucial family discussion. Television publicity will promote this idea.

"Each family should work out their own fire escape plan and make sure all family members are familiar with it," Maplethorpe stresses. "It may help save a life in the event of an emergency."

business to discourage new drinkers from patronizing their stores and bars.

"These kids are going to drink, there's no question about it. If they don't drink at your place, they'll drink somewhere else," Wells said.

Chief Wells and Mayor Wilton attended a meeting in Waukegan Tuesday, September 25, in which area mayors and their chief law enforcement officers and members of the Lake County Liquor Commission met with representatives of the

Illinois State Liquor Commission and state representatives for the purpose of understanding better their responsibilities under the new law.

Wells said he will make two affidavits available to owners and dealers which they may require to be signed by young patrons whose age is in question, despite identification.

In one affidavit a patron swears he is 21 or older. In the other he swears he is between the ages of 19 and 21. Each signing must be witnessed. The

affidavits release the seller of liquor from any legal obligation.

One area still cloudy involves the age of persons who dispense liquor over the counter in retail stores and act as waitresses in drinking establishments. It is not certain whether the age of persons engaged in occupations of such a nature will be lowered. Wells advised dealers and owners to abide as closely as possible with the old regulation until the requirements of the law are clear.

## MIDDLE OF THE WEEK WORSHIP SERVICE

Now for your convenience, the St. Stephen Lutheran Church is providing a Thursday evening Worship Service:

- ★ For weekend travelers;
- ★ for those who must work on Sundays;
- ★ or for those who feel the need of an additional touch with God.

Service Begins 7:15 P.M.

## COMMENTS ON NUCLEAR SAFETY

Discussing nuclear safety, Thomas G. Ayers, chairman and president of Commonwealth Edison Company, compares the chain of precautions built into nuclear power plants with having a half-dozen braking systems on an automobile, each backing up the other. "These layers of carefully engineered safeguards, together with the quality assurance

and regulatory surveillance that attend the design, construction and operation of all nuclear plants provide the basis of our confidence in nuclear power safety," Mr. Ayers says. He also points out that 675 plant-years of operation have been logged by nuclear stations throughout the world without a single radiation fatality.

## ZION NUCLEAR STATION TO BE DEDICATED

The largest nuclear power plant of its type in the world will be recognized in formal dedication ceremonies to be held Thursday, October 4, at the Zion Nuclear Station in Zion, Ill. Dedication ceremonies will begin at 11:30 a.m. and will include a luncheon and tour of the facility.

The \$450 million Commonwealth Edison Company Zion Station will ultimately produce

2.2 million kilowatts of electric power, enough to meet the needs of a city of approximately one million people.

The modern, two-unit plant has twin 1,100 megawatt pressurized water reactor steam-electric units, the first of which began test operation in June and received a partial operating license from the U.S. Atomic Energy Commission in August. The second unit is nearing completion and is expected to be ready for operation in late 1973. Nuclear reactors and turbine-generator units for the plant were manufactured by Westinghouse Electric Corporation. Engineering and architectural services were provided by Sargent and

Lundy of Chicago. The station will have a permanent operating staff of over 200 engineers, physicists and technicians.

Representing the sixth and seventh nuclear units on the Commonwealth Edison system, the Zion facility will help meet the growing demand for electrical energy, nearly 10 percent per year, in Northern Illinois and the Chicago metropolitan area. Commonwealth, which operates more nuclear reactors than any other utility, expects one-third of its total 1973 output to be provided by nuclear energy. The company has logged over 21 safe and clean reactor-years of nuclear plant operation at its five existing nuclear units.

## GEO-KARIS ANNOUNCES HEARING SCHEDULE

State Rep. Adeline J. Geo-Karis (R-Zion) has announced the first public hearing of the House Human Resources Interim Study Committee which she chairs.

The committee will hold the hearing on October 12 from 10 a.m. to 5 p.m. in the Waukegan City Hall to consider nine pieces of legislation.

The legislation, bills and resolutions, covers such issues as the aging, acupuncture, funeral expenses, minimum age for blood donors, sanitation and regulation for retail foods, and "death with dignity."

The "death with dignity" legislation centers on the

controversial issue of keeping individuals alive with artificial means in cases of terminal illnesses which have rendered patients totally helpless and/or unconscious.

"Individuals wishing to testify," Ms. Geo-Karis said, "are encouraged to do so. They should pick up and complete a witness slip when entering the hearing room."

Other members of the Human Resources Interim Study Committee are Representatives Donald Deuster, Giddy Dyer, William Kempiners, Bruce Douglas, Joseph Lundy and Peggy Smith Martin.

## NIPC conducts public hearing October 3

The Northeastern Illinois Planning Commission (NIPC) will conduct a public hearing Wednesday (October 3) to gather testimony on proposed changes to the Regional Wastewater Plan Northwest Lake County service area.

The hearing will be at 1:30 p.m. in Fox Lake Village Hall, 50 E. Ernest St.

Purpose of the hearing will be to consider:

—A joint proposal of the Lake County Department of Public Works and the Village of Fox Lake to expand and upgrade the Fox Lake wastewater treatment plant.

—The alignment and scheduling of certain principal sewers designed to eventually phase out a number of existing treatment plants and to provide municipal wastewater service to areas now on septic tanks.

—Amendments proposed by NIPC to eliminate certain sewers earlier proposed in the extreme northwestern portion of Lake County. The deletion of these sewers is intended to protect lands identified as priority open space.

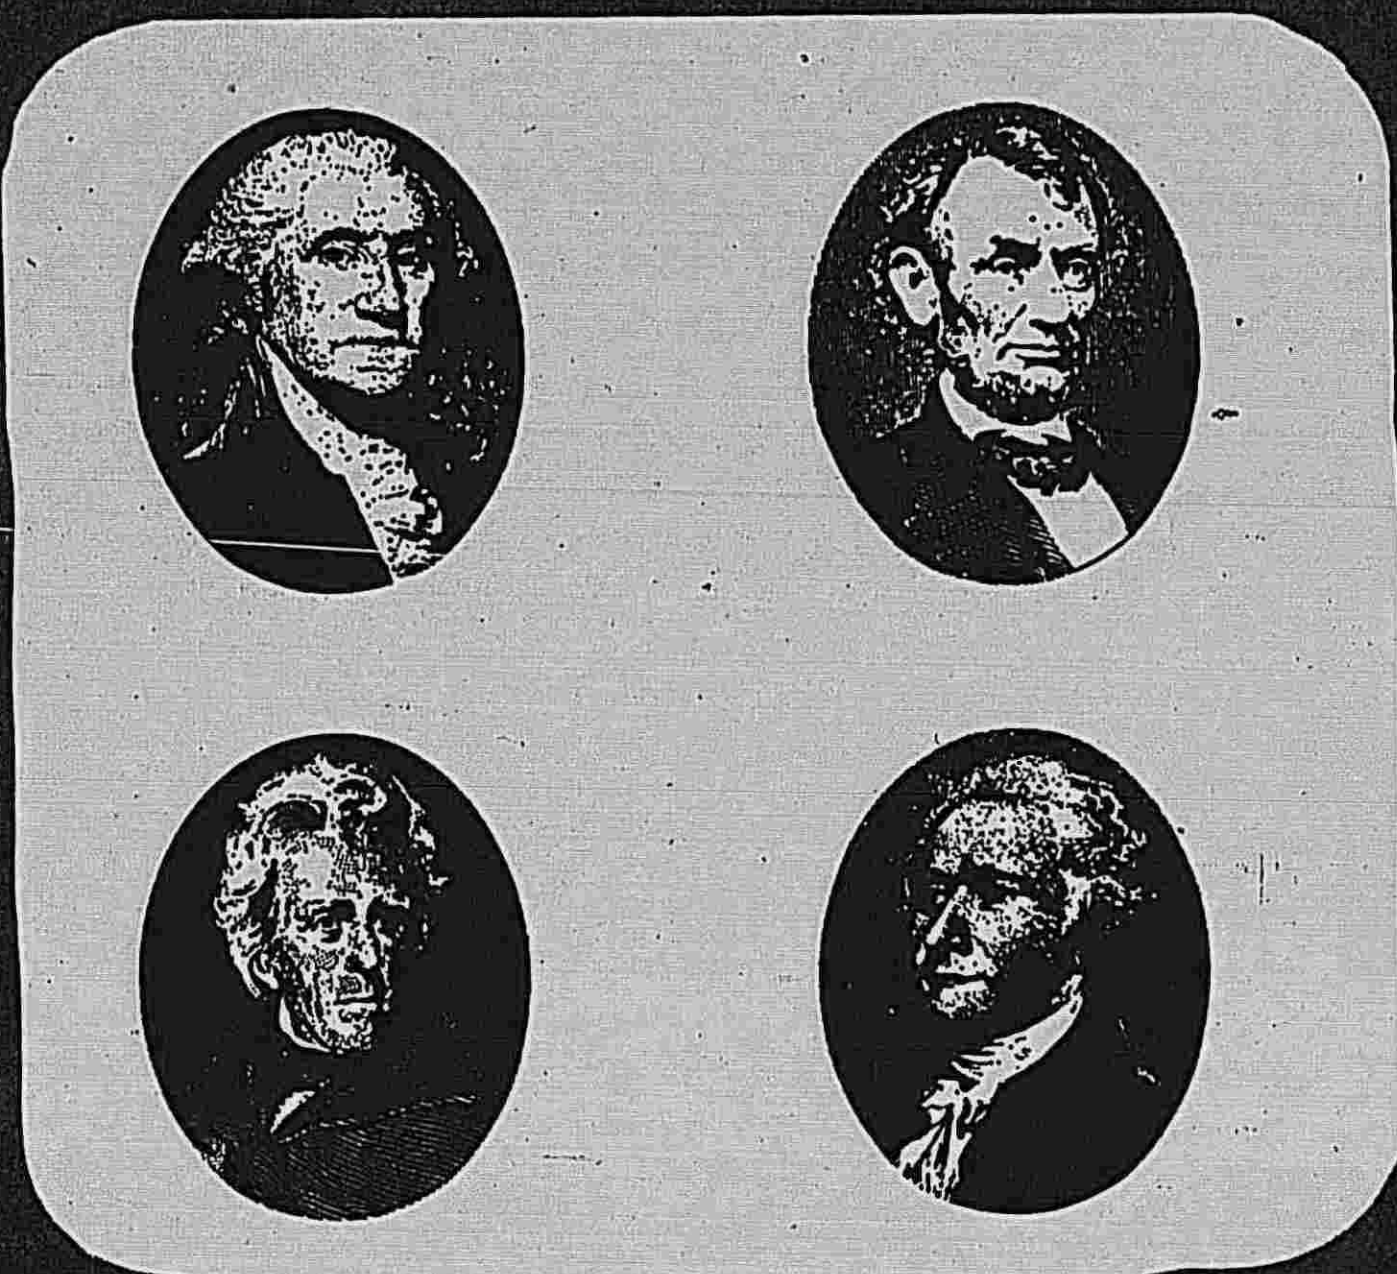

—The environmental impact of the proposed changes and the scheduling of improvements.

—A McHenry County Regional Planning Commission request to include the community of Sunnyside in the Regional Plan's Northwest Lake County service area. Sunnyside is located two and one-half miles west of the Fox Lake treatment plant.

McHenry County officials seek to explore possibilities of this area being served by Fox Lake's plan, designated a regional wastewater facility in the NIPC Wastewater Plan. At the same time, the McHenry County Planning Commission has expressed concerns about the quality of effluent an expanded Fox Lake plant will discharge into the Fox River.

Testimony offered at the public hearings will be considered in making final decisions on Plan amendments. Recommendations on revisions to the NIPC Plan are expected to be considered by the NIPC Planning Committee October 9. The Planning Committee will be make its recommendations to the full Commission October 18.

Federal funding for local wastewater treatment improvements hinge on the consistency of a local community's plans with the Regional Wastewater Plan. Plan amendments will attempt to reconcile local and regional aspirations for growth and development in northwest Lake County.

## The Time Machine

### 70 YEARS AGO OCTOBER 1, 1903

Druggist Swan assumed proprietorship of the drug store Wednesday.

The U.S. government has given Commander Perry three years in which to discover the North Pole. It is some satisfaction to know however, that if it isn't discovered in that time it will not wander away.

### 50 YEARS AGO OCTOBER 4, 1923

"Excuse Our Dust" probably would be a good slogan for the live, up-to-the-minute village of Lake Villa. With a commercial organization of over 90 members, this town gets more things done than any town three times its size in the county.

Elmer Brook drove into Chicago on Friday in his new Cadillac.

### 20 YEARS AGO OCTOBER 1, 1953

The Lakes Theatre on Main Street has been leased by William Lemke to Theodore and Walter Tokarz of Chicago Heights.

The Student Council of Antioch High School is urging all business men, clubs or anyone else who is interested to enter a float in the Homecoming Parade.

### 10 YEARS AGO OCTOBER 3, 1963

William Brook became president of the State Bank of Antioch last week.

Beverly Jane (Mrs. Edward) Rundgren of Lake Villa has been added to the "Who's Who of American Women" this year.

## Two youths arrested for fighting

Ronald Kent, 4374 Belvidere, Gurnee, and John Germann, 19, 616 Mohawk Rd., Lake Heights were arrested early Saturday morning September 29, and charged with disorderly conduct.

The two youths pulled up to the stop light at the corner of Lake and Main Streets, exchanged words and began to fight in the street between their vehicles.

Both were released on bond. They will appear in Branch 3 Circuit Court in Fox Lake, Nov. 26, 1973.

### NIGHT ROAD TESTS DISCONTINUED OCT. 28

Night road tests given at Drivers License Examination Stations until 8 p.m. on Wednesdays during the daylight savings time period will be discontinued on October 28, Michael J. Howlett, Secretary of State, said today.

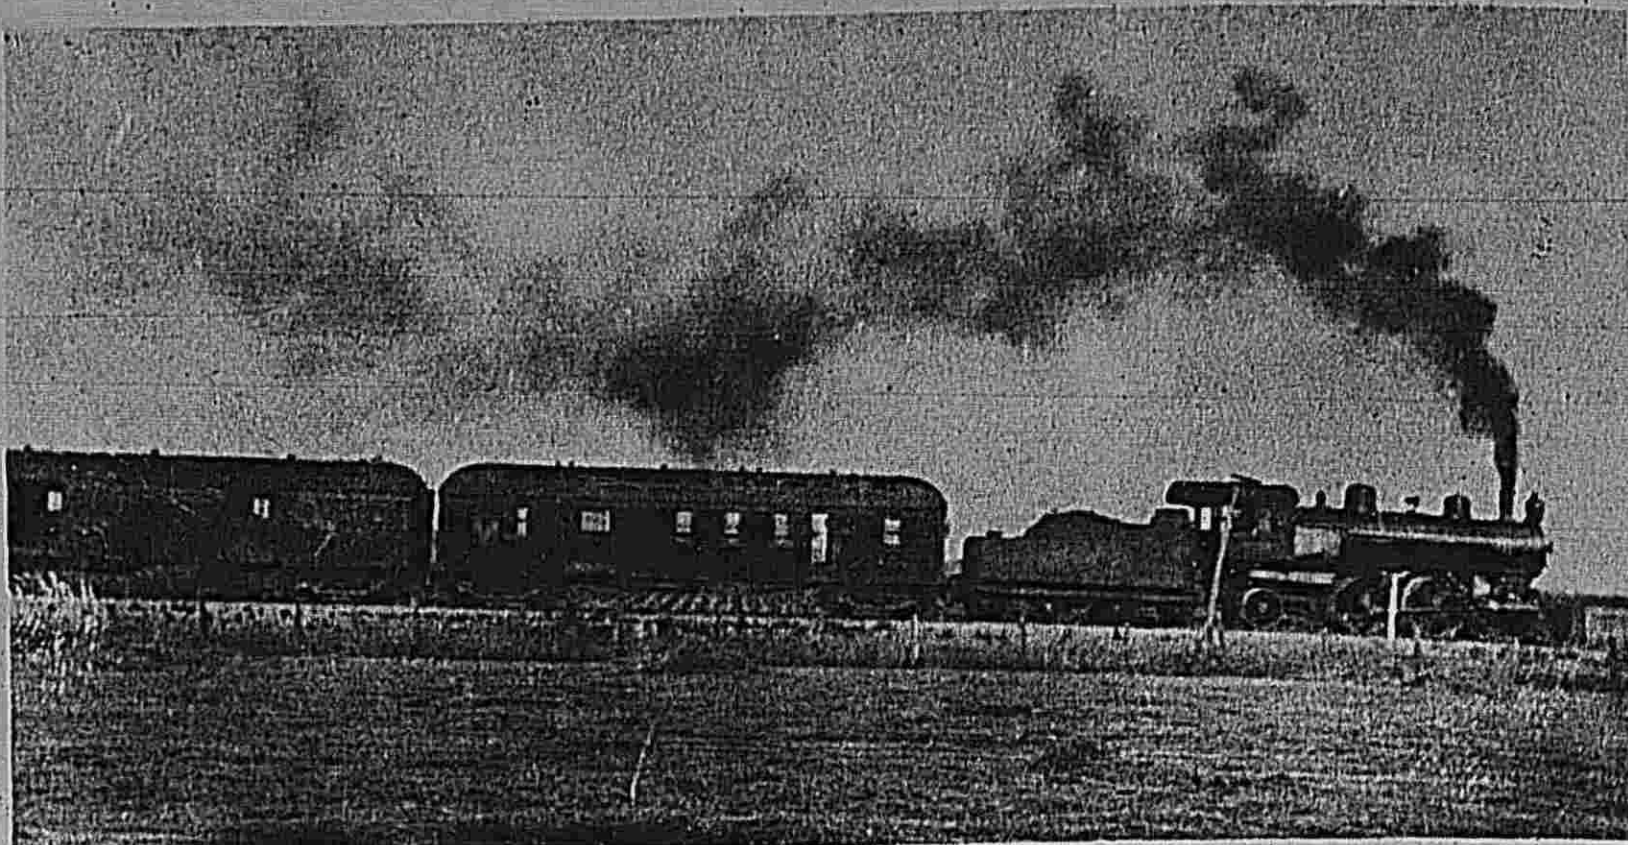

"Wednesday night road tests until October 28 will be given according to daylight hours available at the discretion of station managers," Howlett said.

Exam stations will be open Wednesday nights after October 28 for inside testing only.

### NATIONAL SCHOOL LUNCH WEEK

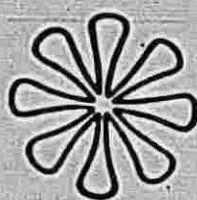

School lunches are governed by the requirements of the National School Lunch Program. They have set up a pattern - Type A lunch program as a guide to a well balanced meal. Each lunch must consist of: 2 oz. of protein (meat or meat alternate), 3/4 cup serving consisting of 2 or more vegetables or fruits or both - in raw or cooked form, 1 slice of bread, 1 teaspoon of butter or margarine, 1/2 pint fluid whole milk. Included in each days menu is Vitamin C and twice a week Vitamin A is provided.

National School Lunch week is October 14-20 with the focal point being October 17th when a universal menu will be served. This consists of barbequed beef on a bun, buttered whole kernel corn, popeye salad, yellow cake with cherry sauce and milk.

**REMEMBER WHEN?** We don't, but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify. For others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office.

Mrs. Kay Kufalk called to identify the Remember When picture in the September 26th issue of THE ANTIOCH NEWS. She says her father was driving the cattle to the stockyards in Antioch on Easter Sunday. They were being shipped to Chicago to be slaughtered because they had reacted to the tuberculin test. All of the cattle were lost. Pictured are Mr. Robert Runyard, Sr., and Thomas Gaggin. She could not identify the other man on horseback. Kay thought the picture was taken in 1924, 1925 or 1926.

## There Ought To Be A L.A.W.

On September 23, the L.A.W. organization held their first meeting. The law organization consists of 6th, 7th and 8th grade students from the Antioch Upper Grade School who are working to help fight pollution in the Antioch area.

At the first meeting elections were held. The president is Margaret Besette, Joy Bowman is vice president, secretary is Kathy Murphy, treasurer is Tim Haviland, paper

drive chairman is Doreen Hurster, Lisa Nerroth is the project chairman and Gloria Wells is the public relations chairman. Also elected were Beth McLellan for 8th grade representative, Jamie Vasek for 7th grade representative and Sandy Shuman for 6th grade representative.

Mr. Paul Epner, a seventh grade teacher at the school will sponsor the group.

## INVESTMENT CLUB MEETING

The Antioch Investment Club will hold its regular monthly meeting on Wednesday evening, October 10, 1973, at 7:45 p.m. at the State Bank of Antioch, Lake Street, Antioch, Illinois.

There's still room for a few additional members as new faces are always welcome, as well as new ideas. The Antioch Investment Club is not all seriousness insofar as its members are concerned. We recently met and socialized for an evening's entertainment at the White Oaks Restaurant, Burlington, Wisconsin and a

good time was had by all who attended. So, you see, you not only will have an opportunity to invest your money in stocks or what have you but, you can also make an investment in possibly good friendships and mutual interests.

Why not come out for this next meeting in October? Give us the opportunity to share your financial knowledge as well as make your friendship. See you the 10th at the State Bank of Antioch. For further information call, Walter Rybicki, 395-2329 or John Baker, 395-3650.

## CAR CROSSES YARD; DOES DAMAGE

An auto ran off the road Tuesday at the corner of Gary's and Greenbriar Drives doing damage to the property of Mr. and Mrs. Cornelius Lulof, 591 Gary's Drive.

The Lulofs told police that

damage was done to a statue and a flowering crab tree in their yard. Damage was estimated at about \$250.

Police have no clues regarding the identity of the driver.

## MAYOR PROCLAIMS OCTOBER

### "Immunization Action Month"

Mayor Robert C. Wilton of Antioch has issued a proclamation declaring the month of October as "Immunization Action Month." The mayor's action was prompted by national immunization statistics which indicate that the percentage of pre-school children who have received polio immunization is at its lowest level since 1963.

The mayor pointed out that the percentage of pre-school children who have received DPT (diphtheria, whooping cough and tetanus) immunizations is lower than it has been since 1966; that only 62.2 percent have received measles immunization; and only 56.9 percent have been immunized against rubella (three day measles).

"These statistics are sufficiently low to cause public health officials grave concern over the threat of possible outbreaks," the mayor said. "I have proclaimed 'Immunization Action Month' in an effort to focus public attention on these alarming statistics and to encourage parents and guardians to make certain their children have been fully vaccinated against these diseases."

In his proclamation the mayor stated, "The tragedy of polio and measles is that they strike small children and often result in crippling, blindness, deafness, mental retardation and other irreparable damage. Rubella, when transmitted from children to expectant mothers, can harm the unborn children and cause a variety of birth defects."

The mayor is urging all parents and guardians to observe "Immunization Action Month" by checking their children's immunization records and obtaining, from the family physician or the local health department, the immunizations necessary to insure complete protection against rubella, polio and measles.

**DICK WITT  
HONORED**

Dick Witt, State Farm Agent, Antioch, Ill., will be honored at a three-day convention for outstanding State Farm Insurance agents at the Las Vegas Hilton, Las Vegas, October 8 through October 10.

State Farm President Edward B. Rust will deliver the keynote address, to exchange ideas and discuss industry trends in an open forum with both regional and home office executives.

Convention highlights include a President's Club Luncheon and a buffet supper for leading agents. Agents and their spouses will be guests at a hotel dinner show during the convention.

## ANTIOCH RESCUE SQUAD CONTRIBUTORS

Recent contributions to the Antioch Rescue Squad were:

Antionette Fields; Mr. and Mrs. J. Horton-In Memory of Nelson Gonyo; Recupido Enterprises; A. Bishop; Sid Parker; Philip Douca; Joseph Kovanda; John Locia; R. Kroll; and Mr. and Mrs. Thomas Steger.

## There Ought To Be A L.A.W.

On September 23, the L.A.W. organization held their first meeting. The law organization consists of 6th, 7th and 8th grade students from the Antioch Upper Grade School who are working to help fight pollution in the Antioch area.

At the first meeting elections were held. The president is Margaret Bessette, Joy Bowman is vice president, secretary is Kathy Murphy; treasurer is Tim Haviland, paper

drive chairman is Doreen Hurster, Lisa Nerroth is the project chairman and Gloria Wells is the public relations chairman. Also elected were Beth McLellan for 8th grade representative, Jamie Vasek for 7th grade representative and Sandy Shuman for 6th grade representative.

Mr. Paul Epner, a seventh grade teacher at the school will sponsor the group.

## INVESTMENT CLUB MEETING

The Antioch Investment Club will hold its regular monthly meeting on Wednesday evening, October 10, 1973, at 7:45 p.m. at the State Bank of Antioch, Lake Street, Antioch, Illinois.

There's still room for a few additional members as new faces are always welcome, as well as new ideas. The Antioch Investment Club is not all seriousness insofar as its members are concerned. We recently met and socialized for an evening's entertainment at the White Oaks Restaurant, Burlington, Wisconsin and a

good time was had by all who attended. So, you see, you not only will have an opportunity to invest your money in stocks or what have you but, you can also make an investment in possibly good friendships and mutual interests.

Why not come out for this next meeting in October? Give us the opportunity to share your financial knowledge as well as make your friendship. See you the 10th at the State Bank of Antioch. For further information call, Walter Rybicki, 395-2329 or John Baker, 395-3650.

## MAYOR PROCLAIMS OCTOBER

### "Immunization Action Month"

Mayor Robert C. Wilton of Antioch has issued a proclamation declaring the month of October as "Immunization Action Month." The mayor's action was prompted by national immunization statistics which indicate that the percentage of pre-school children who have received polio immunization is at its lowest level since 1963.

The mayor pointed out that the percentage of pre-school children who have received DPT (diphtheria, whooping cough and tetanus) immunizations is lower than it has been since 1966; that only 62.2 percent have received measles immunization; and only 56.9 percent have been immunized against rubella (three day measles).

"These statistics are sufficiently low to cause public health officials grave concern over the threat of possible outbreaks," the mayor said. "I have proclaimed 'Immunization Action Month' in an effort to focus public attention on these alarming statistics and to encourage parents and guardians to make certain their children have been fully vaccinated against these diseases."

In his proclamation the mayor stated, "The tragedy of polio and measles is that they strike small children and often result in crippling, blindness, deafness, mental retardation and other irreparable damage. Rubella, when transmitted from children to expectant mothers, can harm the unborn children and cause a variety of birth defects."

The mayor is urging all parents and guardians to observe "Immunization Action Month" by checking their children's immunization records and obtaining, from the family physician or the local health department, the immunizations necessary to insure complete protection against rubella, polio and measles.

**DICK WITT  
HONORED**

Dick Witt, State Farm Agent, Antioch, Ill., will be honored at a three-day convention for outstanding State Farm Insurance agents at the Las Vegas Hilton, Las Vegas, October 8 through October 10.

State Farm President Edward B. Rust will deliver the keynote address, to exchange ideas and discuss industry trends in an open forum with both regional and home office executives.

Convention highlights include a President's Club Luncheon and a buffet supper for leading agents. Agents and their spouses will be guests at a hotel dinner show during the convention.

## CAR CROSSES YARD; DOES DAMAGE

An auto ran off the road Tuesday at the corner of Gary's and Greenbriar Drives doing damage to the property of Mr. and Mrs. Cornelius Lulof, 591 Gary's Drive.

The Lulofs told police that

damage was done to a statue and a flowering crab tree in their yard. Damage was estimated at about \$250.

Police have no clues regarding the identity of the driver.

## Along the Way with *Annie Mae*

A fond farwell for a few months to the Messersmiths. Last Sunday was the final sermon at the Millburn Congregational Church for the Rev. L.H. Messersmith. His retirement will hardly let him stand still. Laurin and his wife are on their way to Cambridge Nebraska where he will be an interim minister until his church there gets a minister. Then on to vacationing and sometime near the first of the year they will return to their new home in Leisure Village, Fox Lake.

Be sure to stop in at Gibbs and Jenson "Carousel" for a cup of coffee and doughnut during their 20th Anniversary Celebration Days October 4-13. That's a lot of years but who could better deserve success than these fine people. Congratulations!!

LaVerne and Joyce Woods spent the weekend with their daughter Dawn at Eastern Illinois University for parents weekend.

Have you seen the new John Teresi Showroom and garage. Wow! it's really something. Be sure to stop in and browse around all the new '74s and take a tour of the building.

Pat and Bill Herbert and youngest daughter, Becky, are vacationing in St. Petersburg, Florida for one week.

### Antioch Rescue Squad Contributors

Recent contributors to the Antioch Rescue Squad were:

Gibbons; Felter's Association-In Memory of Mrs. Catherine Kelly; Peter Strzalka; Marcella Geister; Tony Bishoffberger; and William V. Knowiek.

Roger J. Gilday; Roger G. Stohl; Mr. and Mrs. Roger Granberry-In Memory of Lucy Caspari; Mr. and Mrs. George Watt; Mildred Bedtke-In Memory of Lucy Caspari; Mary Balazs-In Memory of George Balazs; Mr. and Mrs. Richard Brenton-In Memory of Lucy Caspari; Mr. and Mrs. Russell Lasco-In Memory of John Moser; Mr. and Mrs. Henry Balbitz-In Memory of Lucy Caspari; and Mr. and Mrs. Carl Freeman-In Memory of Boyd Osmond.

Mr. and Mrs. E. West-In Memory of Boyd Osmond; Mr. and Mrs. Virgil Felter-In Memory of Louis Shultis; Mr. and Mrs. Carl Wurster-In Memory of William Rowe; Mr. and Mrs. Arthur Biringer-In Memory of James Swinfin; Mr. and Mrs. J.J. Harrison; Mr. and Mrs. John Clarke; Mr. and Mrs. Daniel Long; Henry and Robert Kubicki; and Mary C. Quirk.

Belated birthday wishes this week go to John Proctor and Kim Watson who celebrated on October 2nd. Happy birthday to Heidi Kay Miller on the 3rd and a special wish to a very special Mom, Beulah Anderson on the 5th, to Charmaine Bywell and Agnes Glenn on the 8th. Another special wish goes to Sue Amundsen who celebrates on the 8th also. Many happy to Tom Warner and Jeff Smouse who celebrate on the 10th.

A special birthday greeting to "Susie Baby" from an admirer

Keep up the good work Sequoits. See ya at Lake Zurich Saturday afternoon.

Annie Mae

## FOLK FAIR IN CHICAGO

The fourteenth annual Folk Fair will be held on Navy Pier Saturday and Sunday, November 17 and 18.

The Fair, participated in by the Ethnic Groups of Chicago, has gained enormous popularity and attracts an attendance of more than 100,000 during the two days the event is held.

Without a commercial or personal profit motif and participation restricted to representative organizations of the ethnic or national groups, over the years much money has been raised for the churches, hospitals and Old Peoples Homes represented.

An organization meeting for participants in this year's Fair will be held in the City Council Chamber Thursday, October 4, at 8:00 p.m. An invitation is extended to all ethnic groups in Chicagoland to organize an overall committee to include all organizations in their ethnic community - with all organizations joining in the sponsorship of exhibits of the country they stem from.

## MENTAL HEALTH ASSOCIATION CONTRIBUTES TIME, MONEY

Small but mighty what we say about the Antioch Mental Health Association which held its first fall meeting September 24 at Lorenz's Country House.

The Arts and Craft booth headed by Annette Lubkeman was a lot of fun and profitable. The Thrift Shop, which is in the capable hands of Zada Vos continues to be profitable. This success would not be possible without Zada's many workers and especially all the people of Antioch and those concerned. Their contributions of clothing and hard goods make up the nucleus of the shop.

If it seems like yesterday that you attended the Antioch Mental Health Cotillion, would you believe that Barbie Tobias, our 1974 Ball Chairman and her Co-Chairmen, Carolyn Costoff and Diane Risch and their committee have already completed some of the surprises for the forth-coming ball, May 4th.

We voted to send \$2,000 to Grove School for multi-handicapped children for equipment in their new Physical Therapy room. This will be housed in the residential building to be completed this Spring. The

### BETA SIGMA PHI SORORITY - PI DELTA CHAPTER

Pi Delta Chapter of Beta Sigma Phi Sorority meets first and third Tuesday of the month in the homes of its members. New officers for the 1973-74 year are: President-Jay Howes; Vice President-Mary Strittmatter; Secretary-LoRayne Schmidt; Treasurer-Carol Schmakiel.

Girl of the year 1972-73 was Andrea Byrnes.

The service projects this year are: Working in conjunction with American Cancer Society which is sponsoring a Bike-A-Thon Saturday, October 13, 1973. Pi Delta also is sponsoring a needy family this year and entertaining the convalescents once a month at Hampstead House, Route 59, Lake Villa, Illinois.

Pi Delta held a Bake Sale at Dalgaards, Lake Villa on Friday, September 21 to earn the money to support its various service projects. Other money making ventures will be held in the future.

A Halloween party for members and their husbands will be held Saturday, October 13.

Pi Delta is now in the process of rushing new members. Initiations will be held November 6, 1973.

### DRIVERS LICENSES LESS FOR SENIOR CITIZENS

Secretary of State, Michael J. Howlett, today reminded Illinois Senior Citizens that the Illinois Drivers License fee for persons 69 years old and over will be reduced effective January 1, 1974.

The fee, reduced from \$8.00 to \$4.00, is the result of House Bill 1428 which was sponsored by Representative Celeste M. Stiehl (R. Belleville) and actively supported by Secretary Howlett. The bill passed both Houses of the Legislature and became law upon signature of the bill by Governor Dan Walker on September 12, 1973.

"I am happy to have been able to participate in this effort to be of assistance to Illinois Senior Citizens," Secretary Howlett said.

room will be dedicated in the name of the Antioch Mental Health Association.

Last Spring, The A.M.H.A. voted to send an Antioch student, who was having speech problems to Augustana College for intensive therapy. He lived on campus for the six weeks and received a therapy program tailored to his own individual needs. Mrs. Anderson, of the Upper Grade School reported that there was a marked improvement since he attended this school. She graciously thanked our group for being so concerned about this boy and will keep us informed of his progress.

The people of Antioch and all of those concerned should remember that without their continuous support of the Thrift Shop and the Ball, the A.M.H.A. could not give financial aid when and where it is needed.

Plans are in the making for a luncheon at Lambs Farm at which time our President Pat Lornez will present our pledge check for \$2,000. Why don't YOU get some friends together, come to the luncheon and see Lambs Farm. The date will be announced shortly.

EVERYONE is welcome to join the Antioch Mental Health Association. We are just a group of concerned citizens that really "CARE."

## American Legion Auxiliary

The 10th District "Juniors" of the American Legion Auxiliary will be holding their annual installation of officers at the Antioch Upper Grade School, on Friday, October 12, at 8:00 p.m. Miss Wendi Dorn of Mundelein is the retiring junior past district president, and Mrs. Charles McCormack, Mundelein, will also be retiring at 10th District junior activities chairman.

Mrs. Ray Rathmann, Antioch, Junior Past Second Division President, will be installing her daughter, Susan, as District Junior President. The other district junior officers to be installed are Doreen Schultz, North Chicago, vice president; Colleen DeVries, Antioch, secretary; Linda McCormack, Mundelein treasurer, Robin Chudzik, Lake Zurich historian; Jeanne Gleason, Libertyville, chaplain; and Patricia Gabris, Waukegan, sergeant-at-arms.

Mrs. A.J. Dorn, Mundelein, will be the installing chaplain; Mrs. John Chudzik, Lake Zurich, the installing sergeant-at-arms; and Mrs. Lester Zitkus, Antioch, the installing musician.

Tenth District Auxiliary officers, headed by Mrs. Norman

Holt of North Chicago, 10th district President, will be honored guests.

Mrs. Bernard DeVries, Antioch, is general chairman, and she states that all legionnaires, junior and senior Auxiliary members are welcome to attend.

A special guest, Mrs. James Raihle, Round Lake, the new 10th District junior activities chairman, this next year, has announced some of the meeting dates for 1973-74. October 26th will be a combination Halloween party and planning session to be held at the Libertyville American Legion Home, at 7:30 p.m. Outside activities such as roller skating parties, Christmas carolling, swimming parties, hayrides, etc., will be included on the agenda. The other scheduled meetings will be on January 25th, at the Sharvin American Legion Home in North Chicago at 7:30 p.m.; and June 22, a swimming party picnic in Lake Zurich, at 10:00 p.m.

Mrs. Raihle requests that all unit junior activities chairmen in Lake County send her the names, addresses and ages of all the juniors in her Unit by the November 15th deadline date.

## "ARE YOU A TURTLE?"

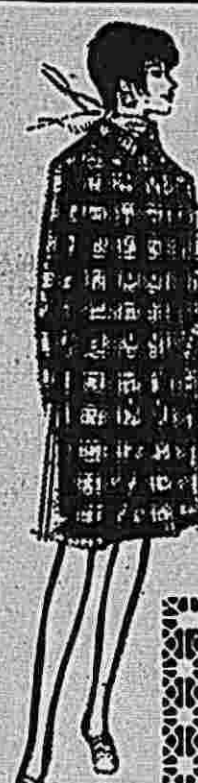

On Sunday, September 23, 1973, the Loon Lake Resort Turtle Club hosted their 1st annual Turtle Club Luau. The gala affair was attended by one hundred twenty five (125) members who enjoyed the fine food, music, dancing, and numerous festivities including a live turtle race. Door and costume prizes were extended to the lucky participants. Indoors many of the club members had their first experience with our Bell Ringer Turtle Cocktail.

Vivian Anderson, the proprietress of Loon Lake Resort, aided by her capable staff, did a marvelous job of exemplifying the Turtle Creed which basically spells out having a lot of good clean fun.

The event was further honored by the active participation of the Imperial Turtle, Lloyd Hardesty, his lovely wife Janet and their distinguished guests.

Loon Lake Resort was recently designated as the official "Turtle Club Watering Hole, of the Turtles International Ltd. for the Antioch-Fox Lake area and as such, extends its warm welcome to all old and prospective new members.

For information regarding the Turtle Club, call 395-3310.

## LAKE REGION HOMEMAKERS BEGIN YEAR

The Lake Region Homemakers resumed their meetings at Mrs. Angie Maras' home the third Wednesday of September. Their previous meeting had been an enjoyable picnic in June at the home of Mrs. P. Drije, where the women feasted themselves on Fondue dipping of meats and fruit.

The Homemakers organization, being an educational and social group that meet to learn much about homemaking through information from the University of Illinois extension service, again during this September meeting learned from Mrs. A. Maras "Tips on giving your garment a professional look."

Mrs. A. Maras proceeded to stimulate a discussion on the forthcoming Fashion show that the Lake Region Homemakers will sponsor next Spring. Mrs. Connors announced plans for a hobby workshop meeting at her home October 12th, where the members will bring and help to prepare gift containers, ornaments, etc. from articles they might otherwise discard - Homemakers putting ecology to work.

The Lake Region Homemakers resumed their year with hostesses Mrs. L. Fowle and Mrs. B. Miller serving delicious refreshments. On October 17 the ladies will meet at Mrs. Volling's home with Lorraine Kennedy and Sandy Landt as co-hostesses. A lesson on "New ways with less tender cuts of meat," will be presented by Martha Fallon and Mary Wells.

## Roast Beef Dinner At Millburn Church

The Millburn Ladies Aid of the Millburn Congregational Church will serve to the public a roast beef cafeteria dinner, at Noon Thursday, Oct. 4, in the Church dining room.

## Square Wheels Offer Dance Lessons

It's not too late to learn square dancing! The Square Wheels, in conjunction with the Continuing Education Department of High School District 214, is offering lessons at Wheeling High School, Hintz Road and Route 83. Lessons begin at 8 p.m. on Thursday, September 27. Even if you miss the first night, a review the next Thursday will get you right in step. The instructor is Don Smith and many members of the Square Wheels will be there to help. Call CL 3-1700 or 259-0063 for further information.

On October 6th Johnny Toth will be our caller, again at MacArthur Junior High. Don Smith will be leading us on a "Jack-O-Lantern Jump" on October 20th; this dance will be at Washington Irving School (North Arlington Heights Road at Thornton) if construction is complete.

On the social calendar the Square Wheels have a picnic on October 7, featuring a game of touch-and-hug football. A "Brown Bag trip" is in the planning stage for October 26.

For those of you that really like to plan ahead, mark November 3 with Zenous Morgan and November 17 with Jim Stewart on your calendar.

## SO-CI'E-TY

n.: pl.-TIES. (L. societas fr. socius a companion; cf. F. societe. See SOCIAL) the relationship of men associated in any way to one another: companionship; fellowship; connection; participation.

## Let Us Entertain You - FOR FREE

The Palette, Masque and Lyre's "SOLID GOLD CADILLAC" is in rehearsal at the little community theatre building "OFF" Broadway Street in down-town Antioch. Yes, this comedy in two acts will be free to SEASON XIII ticket holders who purchase their pass before October 15th at the pre box-office price of \$8.00. Actually, you will not only get this show free, but part of Act One of the second show too! (Regular admissions - \$10.50 for the four show season).

Bob Bundy, the director of this "you'll laugh" comedy by Howard Teichmann (a Chicago lad) and George S. Kaufman, already has his cast enjoying the playwrights' funnies. PM & L audiences will recall the Kaufman style in "You Can't Take It With You" and "Broadway Etc." and "The Silent Alarm", and can expect the same in "Solid Gold". The Story, a fairy tale of Cinderella on Wall Street, is a spoof on big

business, politics, T.V. and other subjects suitable for humorous comment. The action of the play revolves around a Mrs. Laura Partridge, portrayed by Shirley Jensen of Antioch, and four directors of the colossus General Products Corporation - played by Don Beveroth of Paddock Lake, Wisconsin, Tom Hausman of Lake Villa, George Blanksten and Bill Sershon, both from Antioch.

The director's assistant, Lyn Zaehler and her production crew of Evelyn Lafata, Nanci Eberman, Nancy Mancuso, Aileen Biel, Shirley Bunker, Cathy Hausman, Becky Montooth, Todd Seisser, and Earl Kramer are preparing the stage with props, costumes, and necessary lighting to insure the scheduled October 20th opening date. Telephone PM & L this day at 395-9702 to reserve your seats for opening nite.... "You'll Laugh" with the solidly funny "Solid Gold Cadillac".

## ROYAL NEIGHBORS BEGIN NEW YEAR

The Royal Neighbors Olson Camp met at the American Legion Hall on September 25th. All were very happy to see each other after a long vacation period.

Oracle Alice Lassen was still vacationing so Nancy Thayer presided over the Oracle's Chair. She did an outstanding job.

Birthdays for the evenings celebration were: Ellen Reekie, Myrtle Delany, Irma Hostetler and Emily Novotny.

Ada Nicholas and Alice Wilton were our hostesses. Everyone enjoyed Ada's delicious pickles and Alices sandwiches.

The next meeting will be on October 9th at 8 p.m. sharp.

## ST. PETER'S ALTAR & ROSARY SOCIETY

The regular meeting of the Altar & Rosary Society will be Tuesday, October 9th at 7:45 p.m. Mrs. Lori Aerne of the Hobby Barn, on Route 83 will give a demonstration in crafts, on how to make sand candles and several other simple things to make. This should be an interesting and helpful demon-

stration to all in preparing for the Christmas Bazaar, which will be held in December.

There will be a group communion at the 8:00 a.m. Mass on Sunday, October 14th. Coffee and coffee cake will be served in the church hall after the Mass. All ladies of the parish are most welcome.

## KISS YOUR BABY: DETECT C.F.

Does your child have cystic fibrosis, the incurable lung disease? You can help detect C F by kissing your baby. One of the symptoms of this disease is an extremely salty sweat; a large percentage of the diagnosed cases has been due to their mothers noting the salty taste when kissing their babies. By administering a more scientific "sweat test", to determine the salt content, a physician can definitely diagnose a C F child. Other symptoms are recurrent wheezing, cough heard every day for more than two months, pneumonia more than once during childhood, excessive appetite but poor weight gain, and clubbing (enlargement) of the ends of fingers.

"Kiss Your Baby Week" was held September 16-23 in Illinois to help detect undiagnosed cases of cystic fibrosis. "This is one way we have to help parents become aware of the disease to insure an early diagnosis. Too many children with C F are misdiagnosed, or diagnosed only after the disease has progressed quite far", according to Robert J. Wiesen, president of the Northern

Illinois Chapter of the National Cystic Fibrosis Research Foundation.

Cystic fibrosis is a genetic disease which affects the lungs and pancreas of its victims. Both parents must carry the gene to produce a C F child; and it is believed that there are some 10 million gene carriers in the U.S. About one in every 1,500 newborns inherit the disease.

The National Cystic Fibrosis Research Foundation advises that the earlier a child with one or more of these symptoms sees his doctor, the better his chances for relief and avoidance of serious consequences.

For definite diagnosis, physicians may refer parents of children suspected of having cystic fibrosis and or a related lung-damaging disease (severe asthma, chronic bronchitis, bronchiectasis) to a C F Center associated with the Foundation. For further information in Illinois contact Mr. Robert E. Sacks, Executive Director, Northern Illinois Chapter, National Cystic Fibrosis Research Foundation, 6 North Michigan Avenue, Chicago, Illinois 60603, 312-236-4491.

## "RIP VAN WINKLE" PM&L'S CHRISTMAS SHOW

"Rip Van Winkle," the famous Washington Irving story, will be presented by PM & L Theatre for their annual Children's Christmas show this year. The three act play, dramatized by Charlotte B. Chorpennig, will be directed by Valerie Hunley.

Try-outs have been scheduled for Friday evening, October 5th, from 8 to 9 p.m., and Sunday afternoon, October 7th from 2 to 3 p.m. at the PM & L Theatre on Main Street in Antioch. There are 25 people in the cast, ranging in age from 12 to 70. Everyone is welcome to try out; and those who are interested in backstage work are also urged to attend the auditions and sign up for the various stage crews to work on costumes, light, props or set construction.

## New Deductions

A 7lb. 6oz. baby boy was born to Mr. and Mrs. Fritz Hummerich of 289 Joanna Ct., Antioch on September 17th. The young man will be called Robert William.

Maternal grandmother is Mrs. Ellen Wiley of Arlington Heights, Illinois and paternal grandparents are Mr. and Mrs. Wilhelm Hummerich of Cologne, West Germany.

MUSHROOM PIZZA

1 package (½ lb.) fresh mushrooms  
1 package (15-¾ or 15-¼ oz.) complete pizza mix  
1 tablespoon parsley flakes  
¼ teaspoon garlic powder  
1/16 teaspoon ground red pepper  
1 medium onion, sliced into rings  
2 tablespoons olive oil  
6 stuffed green olives, sliced

Rinse, pat dry and slice mushrooms; set aside. Prepare pizza dough from pizza mix according to label directions. Spread dough to edges of a well-greased 14-inch round pizza pan. Pull up edges ¼-inch to form a rim. Combine tomato sauce from pizza mix with parsley flakes, garlic powder and red pepper. Spread over dough; sprinkle with cheese from pizza mix. Toss reserved mushrooms and the onion rings with oil. Arrange the mushrooms, onion rings and olives in any desired pattern over the cheese. Bake in a preheated hot oven (425 F.) 20 to 30 minutes or until crust is browned.

YIELD: one 14-inch round pizza

## LA LECHE LEAGUE OF LAKE VILLA-ANTIOCH

The La Leche League of Lake Villa and Antioch will meet 7:30 on Wednesday, October 10 at 1903 Chesney Drive in Lake Villa. Topic for discussion will be-Nutrition and Weaning.

Babies are always welcome as well as any women interested in learning about the breast feeding.

For more information call: 356-8381; 395-6081; or 223-5861.

The Channel Lake PTA sponsored the annual Room Mothers Tea last Thursday afternoon in the school library. The mothers were introduced to the teachers and enjoyed a social visit over coffee, tea and many delicious desserts while learning their duties as room mothers. Room mothers for the year are: Kindergarten, Fay Anderson, Kathy O'Conner and Betty Meyers; First Grade, Sue Givens and Maxine Zerr; Second Grade, Kay Doty and Dorothy Casperson; Third Grade, Janet Swanson and Carole Jacobsen; Fourth Grade, Ruth Purnell and Mary Lou Miles; Fifth Grade, Lorraine Lemke and Virginia Rudolph.

Serving the tea were Mary Jo Zeien and Kathy Behrens.

Because of the Columbus Day holiday on Monday, October 8 the first PTA meeting at Channel Lake School will be Monday, October 15th.

Happy 10th anniversary wishes to Jim and Shelby Wais

who celebrated with dinner and dancing at the Antioch Country Club.

Also celebrating birthdays recently were David Lemke, Dawn Behrens and Debbie Bailey. Debbie celebrated with a party at her home Friday afternoon with some of her second grade classmates.

Happy belated birthday wishes to 2 year old Donna Chase.

Congratulations to Dorothy Enzenbacher who along with her escort won a trophy doing the rumba at a dance they attended last Saturday night. It was a special thrill for Dorothy because it was the first trophy she has ever won.

Let me know the news.

## EASTER SEAL SOCIETY SPONSORS SECOND ANNUAL WALKATHON

The challenge is on for the second annual walkathon for the Lake County Handicapped sponsored by the Easter Seal Society.

Adeline Geo-Karis, state GOP representative from Zion, has issued the challenge that she intends to better the mark set last year by Fox Lake Mayor Joe Armondo, who topped the \$1,500 mark when he led 400 drenched walkers in the rain-soaked 15-mile trek.

The walkathon, which begins and ends at the College of Lake County (Washington St., west of Rte 45), will be Sunday, October 7. The same 15-mile trip as was mapped out last year will be used for the journey, which hopefully will aid in keeping the doors at the Lake County Easter Seal Therapy Center in Gurnee. It was through last year's

march that the center was able to reopen its doors this year for limited services.

Mrs. Geo-Karis, who has walked many miles throughout the county, has consented to lead this year's walkathon, while Armondo, who is on the disabled list from a bout with a golf cart, will be the grand marshal.

"I fully intend to walk those 15 miles for such a worthwhile cause as this," Mrs. Geo-Karis said, "anyone wishing to join my bandwagon in beating Mayor Armondo can call my office in Zion (872-7500 or 746-1288) or my legislative office in Waukegan (623-8811).

A young Fox Lake man, who is suffering from a bone disease, Ron Jacques, 38, plans on joining in the walkathon. Walking on crutches, Jacques,

who has been practicing, hopes to make the 15-mile trip as he already has received sponsorship from Pat Boone and Robert Goulet, both of whom he once served as a golf caddy while in California.

"I hope that I can add a spark to those who are handicapped," Jacques said, "and to help other handicaps."

Registrations for the walkathon will begin at 7 a.m. and continues through 9 a.m. All registrations will be at the CLC center, although many schools and businesses in the county do have forms available.

Each walker in the march is to get as many sponsors as possible. Anyone wishing to sponsor a walker, or walkers can pick up forms at the Easter Seal Center in Gurnee by calling 662-2112.

The 15-mile course runs from CLC eastbound on Washington St., to Rte. 45 northbound to

Knowles Rd., and through Grandwood Park, from where it continues northerly on Hutchins Rd., to Sand Lake Rd., where walkers go east to Hunt Club Rd., where they turn southbound. After making a swing through Orchard Valley Subdivision, walkers return southbound on Hunt Club Rd. to Gages Lake Rd., where they go westbound back to the college.

There are four checkpoints along the way. Refreshments will be served at Grandwood Park and Woodland School.

Aiding the Easter Seal Society in the walkathon will be four 'React' groups from the county—the C.B.'ers React, Civil Defense Communications Department of Zion, Lake County Alert, and Northern Illinois Alert React. The groups will handle communications, first aid, and walker-traffic control along the route.

## HOMETOWN NEWS

**DAVID B. HOPTON**

Navy Seaman Recruit David B. Hopton, son of Mr. and Mrs. Robert A. Hopton of 21279 Shorewood Road, Lake Villa, Illinois graduated from recruit training at the Naval Training Center here.

### Record Number Of Students Enroll At U Of I

A record number of students enrolled this fall at the University of Illinois at Urbana Champaign. Among them are: Georgette Banwart, Fred Bobzien, Renee Bobzien, John Cook Ceryle Crawford, William Fries, Alison Hevrdejs, Heather Hunley, Carl Knutsen, Michael Koob, Mark Maras, Laura Oftedahl, Patrick Runyard, Terry Tobias, Greg Tossey, Richard Warsing, Carol Wells, Gerald Callaghan, David Campbell, Keith Larsen, Peter Chmelir, James Christensen, Michael Dvorak, Steven Dziki, David Fettinger, Carol Kisill, Jeanne Klefner, Robert Tagge, Michael Wolfe.

### DR PAUL HETTICH NAMED ASSOCIATE PROFESSOR OF PSYCHOLOGY AT BARAT COLLEGE

Dr. Paul Hettich has been named Associate Professor of psychology at Barat College, 700 Westleigh Road, Lake Forest, according to G. Donald Hollenhorst, the Academic Dean of the college.

Dr. Hettich, who has been a member of the Barat faculty since 1971, received his bachelor's degree in psychology from Marquette University. In 1963, he received his master's degree from New Mexico State University and his Ph.D. in general experimental psychology from Loyola University in 1969.

His professional experience is varied, having been a Personnel Psychologist in the United States Army in 1963-65; a psychologist in Program Evaluation for the Cooperative

Educational Research Laboratory, Inc. in 1968-69; and a Research Scientist for the Intext Company in Scranton, Pa. in 1969-70. Additional professional activities have included training-needs evaluation, executive assessments and test validation research.

Dr. Hettich's special training and research interests include research methodology and the application of learning principles.

He is a member of the American Psychological Association, the Illinois Psychological Association and the American Association for the Advancement of Science.

He and his wife, Mary Ann, reside in Antioch with their two sons, Paul and Philip and their daughter, Kristin.

### POSTMASTER TELLS OF ZIP IMPROVEMENTS

The Zip Code—the five-digit number following the state in United States addresses—now appears on more than 85 percent of first class mail according to Postmaster Barnas.

He said the coding of mail has become even more important in recent months with a growing share of first class letters sorted on machines equipped with the Zip Mail Translator (ZMT).

"With this computerized unit, the letter sorting machine operator simply keys the Zip Code appearing on the envelope," Postmaster Barnas said. "The Zip Code is then translated so the envelope is sorted to the bin which will give it the best transportation," he said.

Previously postal clerks were required to learn the complex local and regional sorting schemes that are now carried in the ZMT computer.

Postmaster Barnas said that Zip Code usage is running about 85 percent on first class mail going from one business to another. "The mail from the average family to businesses does much better, however, with the percentage nearing 90 percent," he said. "This reflects the near universal use of Zip Code on business

stationery, including return address order forms, coupons, reply envelopes, etc."

He said that Zip Code use by other classes of mail includes: Airmail letters 91 percent and parcel post 96 percent. The use of Zip Code has been mandatory since 1967 for second class and bulk third class rates.

Postmaster Barnas explained the five Zip Code digits as a telescopic sequence, focusing on successively smaller areas. The first digit points to a geographically large area, the second and third digits to one of 556 sectional center-key post offices which serve 30 to 200 or more smaller post offices—or to one major city post office. The last two digits stand for the post office or postal station of ultimate destination.

"For example," he said, "Zip number 21750 means that the letter is bound for the Middle Atlantic states—represented by the figure 2. The digits 17 single out the Frederick sectional center in Maryland. Accordingly the sorter deposits the letter into an outgoing 217 pouch."

The letter together with all other 217 labeled mail arrives at Frederick, and other sorters re-route the letter to its destination—Hancock, Maryland, as specified by the digits 50.

## Toast Autumn with the Heather Mist Multipals® from Donegal®

Pick up the Donegal collection for fall. Turn yourself out in powerful plaids and sensational solids. All brimming with colors captured from Autumn. Misty heathers accented with bright darks. For men who are going places, a sure fashion start for the season. In carefree blends.

A. Kick up your heels in a pair of doubleknit, heatherpane plaid cuffed pants with belt loops. Slip on a long sleeve, full fashion Coleseta™ heathered knit shirt. Tipped with accent brights. And make it terrific with our gently shaped doubleknit blazer with patch pockets.

Pants—  
30-42, Short, Medium, Long  
Sport Shirt—  
S, M, L & XL  
Blazer—  
38-46, Regular and Long

B. Head into a windowpane plaid acrylic, sleeveless "V" neck pullover sweater. Get it together with a pair of heathered doubleknit cuffed pants. Looped for a belt and gently flared. Underneath it all, our long sleeve acrylic, knit sport shirt with accent stitching.

Pullover Sweater—  
S, M, L & XL  
Pants—  
30-42, Short, Medium, Long  
Sport Shirt—  
S, M, L & XL

Donegal® Multipals® easy-to-care knits are machine washable and dryable. Dry cleaning is recommended for blazer.

## Sequoit Happenings

### Bits from Barb

By: Barb Olson

Our Homecoming theme has finally been selected. The "Wizard of Odds". It will be interesting to see what kind of decorations will be made to go along with it. Student Council has been meeting all week trying to decide on a good band for the dance. The Senior Executive Board met and picked girls for Homecoming Court. The girls will be narrowed down to three this week.

College Night was Tuesday, October 2. All interested juniors and seniors met with representatives from the colleges that appealed to them.

Sunday night, at the ACHS Auditorium, the film "Big Jake" was shown. It was the first movie of a series and we had a pretty good turn out. All proceeds from the films will go into the Student Council fund for tennis courts at the High School. The next movie will be held on Sunday, October 28 at 7:00 p.m.

### Antioch Rescue Squad Contributors

Recent contributors to the Antioch Rescue Squad were:

James Gardner, Vernon Annamunthodo, William Haley, Andrew Freund, Fred Covganika, Carmen Costello, Mr. and Mrs. Ernest Graef-In Memory of Mabel Graef, Mrs. Florence Benson-In Memory of Mabel Graef, The Goddard Children-In Memory of Alma Goddard, Mrs. Celia Gonyo-In Memory of Gladys Olcott, Mr. and Mrs. Donal Martin and Kim-Jm Memory of Gladys Olcott, Dorothy Nilles, and Emily Atherton.

Edgar R. Pratt, Mr. and Mrs. Richard Dunfrund, Mr. and

### VETERANS TO OBSERVE THEIR DAY OCTOBER 22

Veterans Day will be observed on Monday, October 22nd this year. On that day, all Americans will pay solemn tribute to those who have served in the defense of our country. In observance of that day, a special program will be held at Downey Veterans Administration Hospital, in the auditorium from 10:00 a.m. to 11:00 a.m. Dr. Aaron S. Mason, Hospital Director, will give a welcoming address.

The principal speaker will be Reverend David Z. Sokalis, Associate Pastor of the Holy Rosary Church in North Chicago. A Color Guard, from the Great Lakes Naval Station Marine Corps will post the colors. All present will be encouraged to sing patriotic songs while the Hospital Band will furnish the music. After the program, the Veterans will participate in various recreational activities.

Remember, the movie is open to the public and admission is only 50 cents per person.

The yearbook advertising committee has begun to visit store owners to try to sell them ads. Since we didn't have a school yearbook last year we want to have a really good one this year and we would appreciate the help of all store merchants.

Tom-Tom will meet Tuesday, October 2, after school. We hope to have our first issue ready near the end of the month. Although Tuesday is the first meeting, Mr. Chandler has been taking pictures of football games and other activities for the paper.

Color Guard has decided to enlarge and chose two more juniors and two more sophomores. Congratulations to Roxanne Stowell and Janis Bittner, juniors; and Amy Ploss and Nancy Prather, sophomores.

Congratulations to the Antioch Varsity Football Team! We had our first victory of the season Saturday against Cary-Grove, 7-0. Mike Jones made Antioch's touchdown. Our Sophomore Team lost 14-0. It was really a rotten day for a game. The field was muddy and it rained the entire time. The band marched down to the field to play the Star Spangled Banner while the Color Guard marched. We couldn't perform during the half-time though, it was too muddy and it was decided not to waste the show for such a small audience and chance ruining it in the rain and mud.

Next week we play at Lake Zurich, so come out and support our team.

### History of War Symposium

A History of War Symposium will begin on October 11 at 1:00 p.m. in the College Center Quiet Lounge on the Grayslake campus. A panel discussion on how wars influence our culture will be held at 8 p.m. in the College Center. The symposium is free and open to the public.

Participants include Neil Sheehan of Pulitzer Prize-winning "Pentagon Papers" fame, Wisconsin Democrat Les Aspin, Morris Janowitz, distinguished service professor at the University of Chicago, and Adam Yarmolinsky, a member

## CLC AWARDED \$18,930 BY OFFICE OF EDUCATION

The College of Lake County has been awarded \$18,930 by the U.S. Office of Education, according to CLC financial aids director Sam Mazman. "The money will be distributed to eligible students through Basic Educational Opportunity Grants (BEOG)," he said.

"Individual grants to students vary from \$59 to a maximum of \$452," Mazman explained. "The amount depends upon such factors as family income, number of dependents, and the total cost of instruction. For the current 1973-74 academic year, applications will be processed through February, 1974. After that time, applications for next year will be processed," he said.

To be eligible for an award, a student must not have attended a post-secondary educational institution prior to July 1, 1973, and must be enrolled as a full-time student. To be considered full-time, a student must carry 12 or more credit hours per semester at the college.

Mazman said the BEOG program was developed to make a higher education available to persons, who face a financial barrier. "Students from low income families are strongly urged to apply for the grant to help defray the cost of tuition, fees, book, and transportation. Since the grant never has to be paid back, students can complete their educational programs without worries of large debt repayments after graduation," he said.

Applications are available at the CLC financial aids office, building 6, on the Grayslake Campus at 19351 W. Washington Street.

## CLC NEWS

of Harvard's Institute of Politics at the Kennedy School of Government. Richard Kennedy, publisher of the Waukegan News Sun will be the moderator.

### "The Glass Dictionary"

The Glass Dictionary is a student-directed literary organization at CLC.

Residents of the college district are invited to attend meetings which are held monthly on the second Friday at 8 p.m. in the College Center on the Grayslake campus.

A series of short films is being presented by the Glass Dictionary free and the public is invited. In conjunction with the "History of War" Symposium, the film, "Occurance at Owl Creek Bridge" will be shown in the College Center on October 10th at 8 p.m. and twice on Friday, October 12 at noon and 8 p.m.

### Aquatic Weed Workshop

An evening workshop on aquatic weeds will be held on Friday, October 19, in building 3, rooms 301-2, on the Grayslake campus. It is free and open to the public.

Gary Erickson, Lake County fisheries biologist, and Paul

Vidal, fisheries biologist and district manager for Northwestern Illinois, will be guest speakers.

Persons interested in attending the workshop should call Professor Engbretson at the college, at 223-6601, ext. 60. Because of laboratory space the session will be limited to 60 participants.

### Safety Dynamics for Supervisors Course

CLC will conduct a non-credit, comprehensive short course entitled "Safety Dynamics for Supervisors." A series of three sessions will be held at Grayslake High School on consecutive Thursdays beginning November 1 from 7 to 9:30 p.m.

The course is designed to assist industrial supervisors in their accident prevention responsibilities and to equip them for effective response to the standards and regulations of the OSHA.

Harry Hatcher, safety director at Abbotts Laboratories, is the instructor. Registration is from 8:30 a.m. to 8:30 p.m., Monday through Thursday in the CLC community services offices. You may also register at the first session at Grayslake H.S. For information call 223-6601

(Week of October 5-11)

**ARIES** (March 21-April 20): Opportunity is in the spotlight. A good time to expand your horizons, perhaps through new career opportunity. News from a distance or a surprise visitor could brighten routine this week. Don't neglect details of work projects. Best days: Friday, Wednesday.

**TAURUS** (April 21-May 20): Weekend is an excellent time for social affairs that could be important to your future. Be considerate of problems of loved ones or friends. They may seek your advice. Be careful in financial transactions. Best days: Saturday, Sunday.

**GEMINI** (May 21-June 21): Concentrate on scholastic or creative activities at work. You can impress others with your energy and ability. Leisure activities provide a balance to intellectual efforts. Schedule some time for a favorite hobby. Best day: Sunday.

**CANCER** (June 22-July 21): Romance is in the air for those born under your sign. A new acquaintance may be attracted to your charms. Later in week, a project at work or school offers an opportunity to demonstrate your talents. Best days: Monday, Tuesday.

**LEO** (July 22-August 22): If travel is part of your plans, determine in advance to have a pleasant trip. Don't allow minor difficulties with vehicle to upset you. Family members may make demands on your time this week. Try to be cooperative and cheerful. Best days: Friday, Sunday.

**VIRGO** (Aug. 23-Sept. 22): You may feel in a mood to be by yourself. Forget routine and treat yourself to an outing or a shopping trip. A good weekend for social activities. Career cycle is high later in week. Plans made now can give you great satisfaction. Best days: Monday, Wednesday.

**LIBRA** (Sept. 23-Oct. 22): Friendship and harmony dominate your sign. Others seek out your counsel because they value your judgment. Be sensitive to needs of loved ones. Social activities may occupy much of your thoughts and time. Best days: Sunday, Tuesday.

**SCORPIO** (Oct. 23-Nov. 22): Poise and ability to handle the unexpected often is a characteristic of those born under your sign. Avoid impulsive steps in the coming week. Problems which may have been bothering you can be viewed in a new perspective. Best days: Sunday, Thursday.

**SAGITTARIUS** (Nov. 23-Dec. 21): Surprise visitors could cause a change of plans. A favorable period of family harmony and meeting new people. Civic activities may demand more of your time. Best days: Saturday, Wednesday.

**CAPRICORN** (Dec. 22-Jan. 20): If you've been feeling overworked, now is the time to catch up on rest. Schedule some time for a favorite hobby or recreational activity. A positive attitude can win attention in civic or career projects. Best days: Sunday, Thursday.

**AQUARIUS** (Jan. 21-Feb. 18): Generally favorable period for those born under your sign. Social activities enable your personality to sparkle, win new friends. A good period for shopping, sprucing up yard or home. Best days: Saturday, Wednesday.

**PISCES** (Feb. 19-March 20): Follow your own guidelines, intuition. An active period that could involve you in civic or social projects which give you an opportunity to demonstrate organization ability. Friends are impressed with your energy and talents. Best days: Tuesday, Wednesday.

Notice of Proposed Change in  
Gas Schedule

NORTHERN ILLINOIS GAS COMPANY hereby gives notice to the public that it has filed with the Illinois Commerce Commission on September 21, 1973, a proposed change in its schedule for gas service. Charges under the Purchased Gas Adjustment have been decreased and the amount of the decrease has been transferred to the basic rates, so that no change will be made in the total amount billed to any customer.

Further information with respect thereto may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois 62706.

A copy of the proposed change in schedule may be inspected by any interested party at any business office of this Company.

## Obituaries

**MRS. OLLIE J. TWEED**—86 yrs. old of 7750 Judy Drive, Gurnee, Ill., passed away on Tuesday, September 25th at Victory Memorial Hospital. She was born February 21, 1887 in Malmo, Sweden the daughter of the late Jans and Charity Sorenson. She came to the United States in 1891 to reside at Volo, Ill. then moved to Fox Lake, Ill.—Monaville, Ill. in 1908—Waukegan in 1958—and to Gurnee in 1965. She is a member of Lakeside Rebekah Lodge No. 82 (Antioch)—Cedar Lake Camp No. 460 of the Royal Neighbors of America (Lake Villa)—Charter member of the Auxilliary of the V.F.W. Post No. 4308 (Lake Villa)—Auxilliary of Antioch American Legion Post No. 748 (Antioch)—and the Atomic Circle No. 4 of Military Order of Lady Bugs (Waukegan). She married Levi J. Tweed on September 7, 1903 in Chicago. She was preceded in death by her husband on February 20, 1956—1 sister Ida Sorenson—and 3 brothers Oscar, Soren, and Carl Sorenson.

Survivors are 3 daughters Mrs. Frances A. Barnstable (Gurnee)—Mrs. Hilda C. (Joseph) Nader (Lake Villa)—Mrs. Hazel I. (Richard) Radu (Wheatridge, Colorado)—1 son Junior O. Tweed (Arvada, Colorado)—1 sister Mrs. Eva Fields (Antioch)—11 grandchildren—17 great grandchildren and 5 great great grandchildren.

Funeral services were held at 1:30 p.m. Thursday at the Strang Funeral Home in Antioch. Rev. L. H. Messersmith of the Millburn Congregational Church officiated. Interment was in Fox Lake Cemetery near Lake Villa.

**MR. FLOYD J. HARTNELL**—72 yrs. old of Cross Lake near Antioch, Ill., passed away on Friday, September 28th at Kenosha Memorial Hospital. He was born September 1, 1901 in Brighton Township, Kenosha County, Wisconsin the son of the late Frank and Clara Hartnell. He had lived in Kenosha County all of his life. He was a member of the Modern Woodmen of America

for 50 years. Mr. Hartnell had worked for the Kenosha Highway Department from 1937 until his retirement in October 1963. He married Dorothy Smolen-Skalak on October 19, 1946 in Antioch, Ill. He was preceded in death by 1 brother Miner Hartnell and 2 sisters Mrs. Alta Maurice and Mrs. Laura Cook.

Survivors are his wife Dorothy—2 step sons John Skalak (Chicago)—George Skalak (Norsman, Australia)—2 step daughters Mrs. Dorothy (Lawrence) Olson (Salem, Wis.)—Mrs. Charlotte (Pat) Masters (San Diego, Calif.)—3 sisters Mrs. Olive (Harry) Olson (Salem, Wis.)—Mrs. Hazel Stockwell (Salem)—Mrs. Annette Azbill (Los Angeles, Calif.)—10 grandchildren and 1 great grandchild.

Funeral services were held at 1:30 p.m. Monday, October 1st at the Strang Funeral Home in Antioch, Ill. Rev. Ray Kotwicki of the Salem Methodist Church officiated with interment in Salem Mound Cemetery near Silver Lake, Wis.

**MR. EDWARD J. CRONIN**—85 yrs. old of Sunset Oaks Subdivision near Trevor, Wis., passed away on Saturday, September 29th at his home. He was born on May 12, 1888 in Chicago, Ill. and had resided in Lombard, and Elmwood Park, Ill. before moving to Trevor in 1963. He had served in the U.S. Army during W.W. I. Mr. Cronin was a mail carrier from 1939 until his retirement in 1954. He married Mary Lundy on March 4, 1925 in Chicago and she preceded him in death on December 24, 1953, as well as 1 sister Mrs. Nell Cleary and 2 brothers Frank and John J. Cronin Jr.

Survivors are 1 brother Raymond Cronin and 1 sister Mrs. Margaret MC Garry (both of Camp Lake, Wis.)

Funeral services were held at 10:30 a.m. Monday at the Strang Funeral Home in Antioch. Interment was in Holy Name Cemetery at Wilmet, Wis. Rev. Francis Johnson of St. Peters Church in Antioch officiated.

### FINANCIAL PLANNING ESSENTIAL FOR RETIREMENT

"Retirement is like starting a whole new way of life in which your needs and objectives are different from the past," says Arthur Lodge, recently retired business executive with over 42 years money management experience as trust officer and real estate counsellor at a major New York Bank, who has authored a booklet on financial tips for retiring. "Financial planning for retirement can achieve both preservation of resources and continuity of the familiar and comfortable standard of living always enjoyed," according to Lodge.

In establishing a sound and sensible financial plan for retirement, Lodge advises in his booklet to consider these factors:

It is important that your assets are safe and secure. Most of your funds should be kept in savings accounts, certificates of deposit, government securities, and other low-risk investments. In some instances, such as owning your own home, real estate is another prudent form of investment.

One of the pleasant things you'll discover is that you don't need as much money after retirement as before to maintain your current standard of living. With proper planning, certain regular expenses will drop drastically and others will disappear completely.

The booklet ("A Guide To The Financial Aspects of Retirement") is being distributed by Leisure Technology, Corp., which has retirement communities in six states, and may be obtained by writing to Suite 1400, 221 N. LaSalle St., Chicago, IL, 60601. Leisure Village at Fox Lake, Ill., being developed by Richard J. Brown, Inc.—Leisure Technology-Midwest, Inc., is company's first Midwest project.

### "Hindsight's Better Than Foresight"

Remember working out multi-step mathematical problems in school? There was great satisfaction in finding that you had correctly worked through the many steps to the correct answer. However, there were many times that the answer was not correct. On going back over the problem you would find an error in the first or second step led you astray through the remaining steps and finally to the wrong answer.

Being honest and having people put their trust in you is like a long mathematical problem. Life is a long process involving many steps. If you are honest with yourself and others you find that each step in the present carries you happily into the future.

Once you vary the principle of honesty in your life you find that all the other steps leading the present into the future do not bring happiness but rather anxiety. Then each step can only continue to lead you away from the final correct answer to life just as an initial mistake in a multi-step mathematical problem.

The only way to correct the mathematical error is to find the initial mistake, correct it and then continue on. Honesty is an important condition for happiness in life. There may be easier-dishonest-ways-to-work out the events of life but these ways lead to unending difficulties as do the steps after the initial mistake of the math problem.

### CHRISTIAN SCIENCE CHURCH

A father's faith in God is brought out in Mark 9, when he brought his son to Jesus for healing. The truth of this faith is brought out this week in the Lesson-Sermon entitled "UNREALITY" at Christian Science Church services Sunday.

From Science and Health with Key to the Scriptures by Mary Baker Eddy we read: "Prayer cannot change the unalterable Truth, nor can prayer alone give us an understanding of Truth; but prayer, coupled with a fervent habitual desire to know and do the will of God, will bring us into all Truth. Such a desire has little need of audible expression. It is best expressed in thought and in life."

Services at First Church of Christ, Scientist, BEACON HILL, Route 173 and Harden, Antioch, Illinois begin at 11 a.m. All are welcome to hear the truth that heals; and care for children is provided.

## INTEREST RATES

By L. M. Woods  
President  
First National Bank of Antioch

There seems to be myth stalking the land again—the myth of the banker who gloats about high interest rates and the inflated profits they bring him.

I can assure you that we at First National Bank of Antioch do not like high interest rates any more than our customers do. They do none of us any good. We know full well that our customers are hurt by them. Frankly, anything which hurts our customers also hurts us.

High interest rates are a symptom of a scarcity of money. When there is less money around—especially if it is coupled with a very high demand—money costs more. Today's money crunch is a direct result of federal government fiscal and monetary policy. The Federal Reserve System has determined that an "overheated" economy must be quieted down, and inflation halted, and their weapon is high interest.

The Fed wants people to postpone expansion plans. When they recently eliminated in part the interest rate ceiling which could be paid on savings, and raised other ceilings, in

effect they said that the banks (and other people competing for funds) could get whatever funds there are available, but at high prices.

Where this hurts us is in the fact that there are laws which strictly limit what we can charge for money, but the laws which limit what we can pay for money have been eased.

Here in Illinois we have a usury law which forbids lending money at more than 8 percent. The money rate—the cost of money—in some instances is at 8 percent.

This rate being being a simple rate which effects lending to individuals for the purchase of home mortgages. The usury law does not effect Corporations and businesses. Corporations and businesses are being charged at the higher rate, presently around 10 to 12 percent. Consumer loans for the purchase of automobiles, furniture, etc. also fall under a different

law and therefore banks are still able to make these types of loans to individuals. Some banks are offering up to 10 percent on long term (four year) Certificates of Deposit.

The arithmetic is simple. A bank barely can remain profitable if it pays 8 to 10 percent for your funds and lends it out at 10 to 12 percent. Conversely, a sure way to lose money is to borrow at 10 percent and invest in 8 percent mortgage money.

So you see, high interest rates are no friend of the banker, just as they are no friend of the bank's customer. We know why the Fed is forcing interest rates up—like all of us, they want to control inflation. But we at First National Bank are going to be extremely pleased when rates come down, all the same. It makes for better business, and it makes for better banking.

## WHAT ARE THE ODDS?

If you continue at your present pace will the light change to yellow and then to red before you reach it? asks the Lake County Safety Commission.

If you accelerate just a little can you make it before the green disappears?

Or will really giving it the gas allow you to completely clear before there's a light change?

Who knows what the odds are?

Actually it shouldn't make any difference. The very fact that there are odds means there's a chance that the light will change.

Why take chances when the

stakes are small and the penalty for losing so serious—maybe fatal?

In a setup like this it's smarter to take another and more positive tack. Ask yourself...

Am I going slow enough to stop safely if the light changes?

Should I brake to a slower speed now so I can stop if the yellow appears before I reach the light?

How about assuming that the light will change before you get there?

You won't have to weigh the odds and the risk with this kind of attitude. You may avoid an accident, too, reminds the Safety Commission.

## MORE THAN A SUPERSTAR

Divine healing is the effect of the "Christ in action" George Louis Aghamalian, C.S.B., said October 2 in Antioch.

A Christian Science lecturer from New York City, Mr. Aghamalian told an audience in The Church Edifice that Christian healing is available to all.

"The motivating force called the Christ which lay behind Jesus' mighty works is still here governing each of us," he declared. "This is why Jesus himself said, 'Verily, verily, I say unto you, He that believeth on me, the works that I shall he do also.'"

Mr. Aghamalian spoke at the invitation of First Church of Christ, Scientist in The Church Edifice on Beacon Hill on Harden Street at Route 173.

He was introduced by Mrs. Murray Conzelman, First Reader.

The lecturer emphasized that it takes more than a popular "superstar" to completely transform the lives of people as

Jesus did.

"Jesus was the most spiritually-minded man who ever lived, whereas the Christ is the Truth that motivated everything he thought and did," he said.

"When Jesus made that profound statement to the Pharisees, 'Before Abraham was, I am,' obviously he wasn't talking of his physical body," he said. "He couldn't have been, because Abraham lived centuries before him. He was referring to the Christ, which is never born and never dies."

"The Christ," he added, "exists throughout eternity as an ever-present divine influence in human affairs."

New emphasis on Jesus, the man, and Christ, or divine Truth, is brought out, he said, in "Science and Health with Key to the Scriptures," by Mary Baker Eddy, who discovered and founded Christian Science.

Christian Science teaches, he said, that Jesus' Christliness inspired and governed his every

thought and action and that the Christ can do the same for people today.

"Jesus came to show us how to understand the Christ, the true idea of God and man and of man's relationship to God," he stated.

Mr. Aghamalian held that the "Christ, God's presence, can always make itself felt through prayer in a practical, effective way."

"The Christ," he said, "is our Saviour—that which saves or heals...It is the divine presence that heals disease, because the Christ includes perfect health. It's the presence that heals sorrow, because the Christ includes eternal joy. It's the presence that heals fear and depression, because the Christ includes enduring peace and courage."

Continuing he said, "The Christ is the presence of abundance, because the Christ includes God's unending goodness. Our Saviour, the Christ, is

GEORGE LOUIS AGHAMALIAN

with us this very moment."

He told his audience that every time "we humbly open our thinking to the Christ and let it direct our lives, we're experiencing resurrection in some small measure."

"More than a Superstar" was the title of Mr. Aghamalian's lecture. He is currently on an extensive speaking tour as a member of The Christian Science Board of Lectureship.

## The Antioch News SPORTS

### ANTIOCH PLAYING IN NEW ATHLETIC ASSOCIATION

Antioch Community High School became a charter member this fall of the new Northeastern Illinois Suburban Association.

The N.I.S.A. is a 20-school affiliate with two leagues in which member schools compete amongst themselves in athletic sports.

Each league is divided into two divisions. The Northwest Suburban League has a North Division and a South Division. North Division members include: Antioch, Grant, Grayslake, Warren and Woodstock. The South Division is composed of Lake Zurich, Round Lake, Wauconda, Stevenson and Cary Grove.

The North Suburban League has an East Division and a West Division. In the East are: Lake Forest, Libertyville, Mundelein, North Chicago and Zion Benton. In the West are: McHenry, Crystal Lake, Barrington, Dundee and Crown.

Ward Lear, Antioch High School Athletic Director, said he believes the new association is a "great idea." He said the association has given a home to schools which had no place to go such as Stevenson, which formerly played on a contract basis.

Many schools, Lear said, were traveling as far as 70 miles to compete, such as Cary Grove which went south regularly to play Plainfield and Mundelein which played southwest subur-

ban teams.

Lear said that with the versatility of the two-league, four division set-up, it is easier to group teams into divisions in which competition is fairly equal. He said the schools have been divided into such groups on the basis of enrollment, geography and past performance.

He said, however, if any of the those elements should change over the years, the schools could be regrouped within divisions or even leagues.

Another advantage, he said, is the ability to add new teams should new high schools be built.

Antioch High School began inter-league athletic competition back in 1925 when the Northwest Suburban League was an independent organization. The league originally included seven schools, Antioch being the first member. The others were: Arlington Heights (now eight schools), Barrington, Libertyville, Palatine, Warren and Wauconda.

Leyden joined in 1926, Fenton (now Bensonville) in 1927, Elva-Vernon in 1928, Lake Forest and Grant in 1935, Niles in 1937 and Glen Brook in 1938. The additional schools made a total of 14 members in the league, which proved to be too many, according to Lear.

So in 1939 several schools dropped from the league, leaving only Antioch, Barrington,

ton, Palatine, Wauconda, Fenton, Elva-Vernon, Glen Brook and Grant.

The league stayed that way for eleven years until 1951. In 1952 Barrington dropped and was replaced by Grayslake, and league membership remained static until 1957.

That year the league lost Palatine, Fenton and Glen Brook and gained Warren, Round Lake and Lake Forest. The only other change to occur before 1973 was the splitting of Elva Vernon into two schools—Lake Zurich and Stevenson.

Lear said the N.I.S.A. has a thorough constitution which was arrived at through compromise. The constitution has standardized such things as games' starting times, officials' pay, championships and scheduling.

Under the current system every school in each league plays schools in its own division twice in basketball and baseball and schools in the other division of the same league once. In all other sports every team plays all members of its league in both divisions once.

Games played with schools in the other league or schools in another association or independent schools are played on a contractual basis.

Antioch presently has the second largest enrollment of any school in the Northwest Suburban League with about 1300 students. It is topped only by Warren which has 1550. The team with the smallest enrollment is Grayslake with 880.

### LAKE COUNTY RIFLES CLINCH FIRST PLACE

The Lake County Rifles clinched first place in the Southern division of the Central States Football League with a 48 to 21 victory over the Madison Mustangs.

Rifles coach Bob Franz said that the game played at Madison Saturday "was the finest game our team has played all season."

Lake County which has a record of 8 wins and 1 defeat needed help from the Racine Raiders. Racine defeated Rockford Saturday to give Rockford a record of 7 wins and 2 losses. Regardless of the final league games to be played next week Lake County wins the division

title because it outscored Rockford when the two clubs had met previously.

The Rifles quarterback Jesse Kaye threw 4 touchdown passes in the game while Cliff Boyd twice ran two yards for scores and gained 121 yards. Lake County net gained 436 yards against 290 for Madison.

Lake County travels to Racine to complete the season next Saturday before returning home on October 20 for the championship game.

### Record Sweeps Predicted For Kaukauna Supers

When the Winged Super Modifieds Fly at the Wisconsin International Raceway in Kaukauna, Wisconsin on Saturday and Sunday afternoon, October 6 and 7, there is little doubt that they will be racing at speeds much higher than ever before encountered by these powerful open wheel machines.

The half mile "D" shaped track will offer them unlimited opportunity to extend to the fullest the more than 600HP capable from the fuel burning high compression engines.

More than 80 cars are expected for the two days of racing with cars entered from Michigan, Illinois, Wisconsin and Indiana so far.

Six area super modified champions are in the field already. They are Dick Duston, Greenfield; Aaron Solsrud, Menomonee Falls; Roger Otto, Burlington, Billy Geoden, Kewaskum; Don Sorce, West Allis and Johnny Reimer, Caladonia.

In addition to the purse which exceeds \$6400.00, extra class has been added by firms

interested in attaching their names to the rich event that will also feature the appearance and jumping of Evel Knievel on his motorcycle.

The Bear's Beverage Inn in Menasha, Wisconsin has added \$100.00 and a trophy for the winner of one of the 40 car 30 lap features that will be named the "FABST BLUE RIBBON 30." An Illinois firm has donated another \$100.00 and it is expected by race time that all four of the features will have the added top prize of \$100.00.

Speeds will exceed 100MPH on the asphalt oval beginning with time trials each day, a six car lap dash, three heats and two features each day.

According to IRA Officials, Sanctioning organization for the super modified events, many Illinois and Wisconsin racing fans have purchased tickets with the intent of camping overnight for the biggest two days of open wheel racing competition ever to be presented.

### CLC Golf Squad In First Place

The College of Lake County golf squad swept to first and third places in the Joliet Invitational golf tournament, September 27.

Coach Doug Sherman's A team shot a collective 299 to beat runner-up college of DuPage by 16 strokes in the 19 team tourney. But the Lancer B team surprised the field with a 319, good enough for third.

Bruce Johnson won medalist honors with a 73. Other Lancer stars were Chris Marszalek and Bob Winter at 74 and 75, respectively. B squad leader was Larry Della Posta who shot a 75.

The Lancers will be at Elgin Community College for a Skyway Conference meet on Thursday October 4, with Elgin and Triton.

### NEWS FROM ILLINOIS BELL

Everyone knows that from time to time hot air passes along telephone wires.

But probably not everyone knows that Illinois Bell pumps super dry air into telephone cables. The reason is simple: it keeps the cables dry.

The internal pressure of the underground cable is kept at a higher level than the atmospheric pressure. Thus, in the event of cable damage, the cable slowly leaks the pressurized air instead of absorbing outside moisture.

With individual cables carrying up to 2,700 telephone lines, large numbers of telephones can be put out of order by a wet cable.

And this is the real beauty of cable pressurization: every time there's a break in a cable,

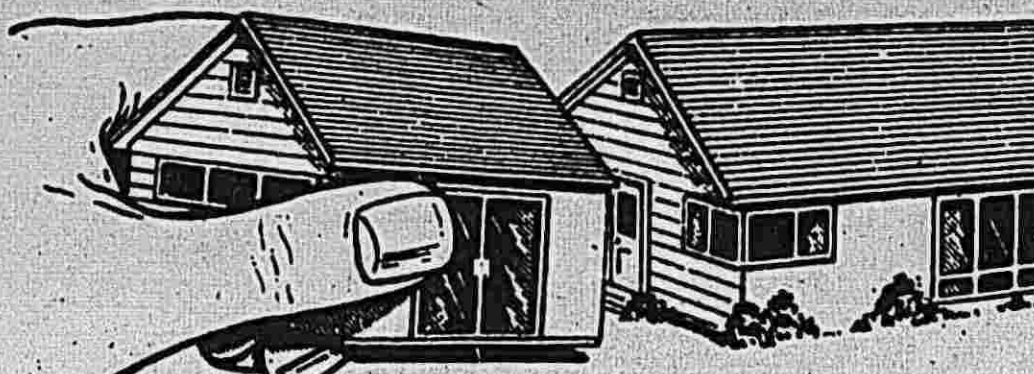

the pressure drops signalling potential trouble even though phone service might not be affected.

At every 3,000 feet on most pressurized cables there's a gauge that measures the pressure, which not only is a trouble indicator but also serves as a trouble locator -- it's a big help in locating a break to know which 3,000-foot segment it's in.

And what's more, freon gas, which is the compressant in your refrigerator, can be pumped into the suspect segment and through the use of surface detectors the break can be found and repaired.

Eventually as a part of Illinois Bell's service improvement program it's hoped to have all of these gauges linked to a computer, which will give an instant analysis.

## INDIAN SUMMER FESTIVAL TO BE HELD OCT. 12, 13 & 14

Pumpkins are forming on their vines and leaves are beginning to yellow in southern Wisconsin, where members of the Geneva Lake Area Chamber of Commerce are winding up their preparations for their annual Indian Summer Festival which will be held Friday, Saturday and Sunday, October 12, 13 and 14. Robert Couch, Executive Vice President of the Chamber, said conditions are right for the most successful festival ever.

Party boat trips, a bratwurst and pig roast, art shows, hiking tours, kiddie carnival, sales booth events, and myriad talent presentations will be included in the three-day program. Clowns will be everywhere, filling streets, parks and business sections with fun and festivity. The businessmen of Lake Geneva will sponsor a giant sidewalk sale on the second day

of the fair, and merchants in outlying communities are considering sales for their communities.

Drum and bugle corps will appear in the surrounding communities to send staccato beats and trumpets' clarion calls through the crisp, autumn air.

Each of the Geneva Lake communities has good parks and picnic facilities for families wishing to carry basket lunches. For others, though, there are excellent restaurants throughout the area, and the bratwurst and pig roasts will afford mouthwatering repasts.

One of the highlights of the festival will be an exciting power boat race on Sunday off the Riviera in Lake Geneva. Time trials for the boats, which reach speeds of 135 miles per hour, will start at 11:00 a.m. and the races will run from 12:00 noon, till 4:00 p.m.

## DR. A'S MINI-TALES

### Andy Finds Secret Tunnel

Andy found a pretty pebble near a tunnel. But this tunnel had magic powers. When Andy crawled through it, he changed into a mouse. When he met his own cat, she almost ate him! She chased Andy through the tunnel, and he turned into a dog. Andy's own mother didn't recognize him and called the Dogcatcher. When he followed Andy through the tunnel, the Dogcatcher changed into a parrot, while Andy became a monkey. The next time through the tunnel, he was a big black bear -- but then the tunnel wouldn't work any more. The pebble was lost. Though Andy crawled through again and again, he was still a bear. Poor Andy! He scared his parents and the whole neighborhood, and all he wanted was to be a boy again. Now the police were after him. Finally Andy found the pebble and discovered the secret of the tunnel. He crawled through the other end and started changing

This lad put everything into his pass in Sunday's Punt, Pass and Kick contest. (Staff Photo)

About half a dozen young girls were among the approximately 100 participants in the local phase of the Punt, Pass and Kick competition. (Staff Photo)

## LAST CHANCE RACES VICTIM OF WEATHER

The last chance races at the Waukegan Speedway Saturday night fell victim to the weather as the last try at racing for the 1973 season was KO'd by rain and cold weather early in the day.

Racing will resume next April at the Waukegan track with late model 'super stocks' and 'sportsman' along with hobby stocks again on the agenda.

Promoter Gordon Sill, who celebrated his 10th anniversary at the Washington Street quarter-mile wishes to thank all of the fans and participants who made the 1973 season a successful one. Sill has renewed his lease on the oval and has many new plans for the future.

Bob Roper of Chicago won the late model 'super stock' crown as that division returned on a Sunday night schedule this year after a boycott in the middle of the 1972 season. Roper's two closest rivals -- Ed Hoffman and Tom Jones -- won the legs of the Labor Day Sunday Twin-50's.... but Roper was the over-all winner of that contest.

J.P. Gatti, Jr., of Wheeling won a bride and the late model 'sportsman' championship this year in the very competitive sportsman Saturday night races. Defending champion George Dukas settled for second and Ted Richter was third. The Twin-20's for this class saw Ray Bush win the first race and finish second in the final event for the overall win.

Jack Hemmings and Sonny Sears battled season-long in the wild hobby class with Hemmings taking the title as these two dominated the action.

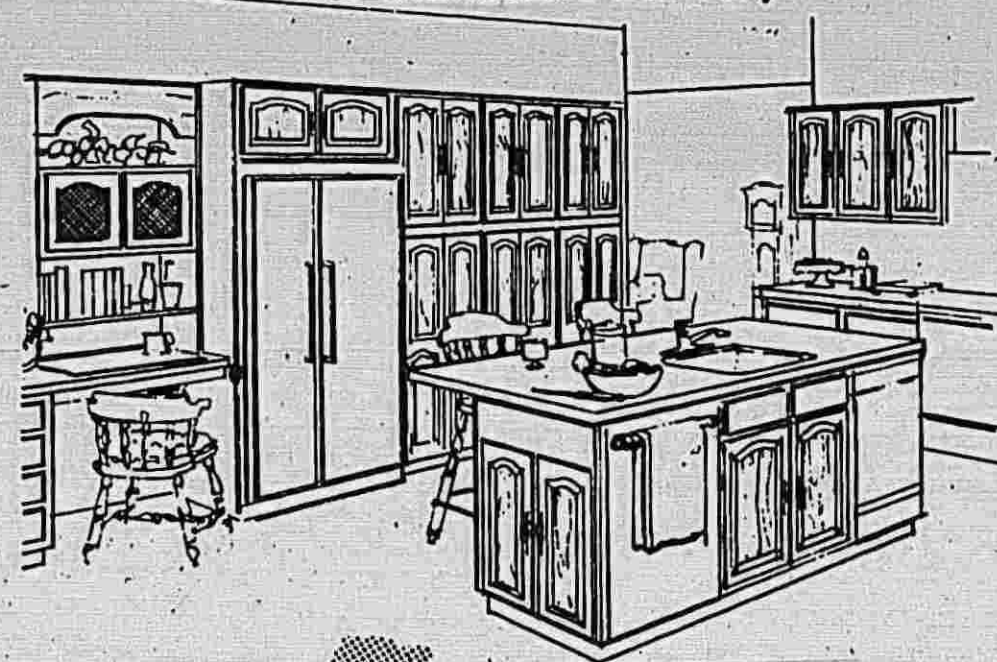

Tom Jones and J.P. Gatti were voted the 'Most Popular Drivers' while the 'Rookie-of-the-Year' honors were split among Roger Hacke, Dennis Topcik and Ed Dunne.

## FROSH TOP CARY GROVE, 14-0

Antioch's Freshmen football teams traveled to Cary Grove Saturday and returned with identical 14-0 wins. The "B" team was led by Tim Lama who scored all of Antioch's points. Coach Don Zeman also praised Geof Nordstrom, Jeff Nickerson and John Grippando for their fine play. The "B" team's record is now 2 wins and 1 tie.

The "A" team completely dominated the game with the Trojans. Dan DiGiovanni scored in the second quarter on a four yard scamper and Mark Stewart swept the right end for the two point P.A.T. In the fourth quarter Todd Ten Eyck, the Antioch workhorse with 20 carries, plunged one yard to score. Stewart, the quarterback had set up the score with a bruising 13 yard run through the middle. Stewart was the leading ground gainer with 52 yards in 15 carries. Ten Eyck added 48 yards.

The young Sequoits played heads up ball as indicated by only four penalties being called on them. Also five Cary Grove passes were intercepted—two by Brian McGrain, and one each by Jeff Mihovilovich, Bruce Kecskemeti, and Dave Zitkus. Stewart recovered a fumbled punt which led to Antioch's second TD. Wally Wallraf and Todd Ten Eyck led a generally tough Sequoit defense.

Antioch's "A" team record of 4 wins and 1 loss will be put on the line against Lake Zurich here at 4:30 on Friday.

## DUSTON AND MOULIS BIG NATIONAL WINNERS AT WILMOT

Dick Duston, IRA Wilmot Champion for 1973, added frosting worth \$500.00 to his championship cake at the Kenosha County Speedway in Wilmot as he won the 1st Annual Wisconsin National Super modified 50-lap Championship race on September 22. He also received the Wix Filter Trophy from Mindy Harris, daughter of Whitey Harris, Lake Villa who was on hand to thank the fans for the messages of cheer he received from them. Harris also assured the fans that he would be back racing in 1974. He was injured at the Capital Speedway over three weeks ago and is recovering from internal injuries.

Jim Moulis, Antioch, won the \$100.00 first place award in the 20 laps consolation. The purse was over \$3000.00 and the second Annual National is already being discussed for 1974.

## RAIN ENDS IRA WILMOT SEASON

Daily showers throughout the week that would have led to the final race of 1973 for the Interstates Racing Association at the Kenosha County Speedway in Wilmot, Wisconsin, continued on Saturday and caused an early cancellation race announcement for the Saturday night program.

It would have been the 35th race of 1973 for the IRA Super Circuit of modifieds and Sportsman stock cars. Now only two races remain and they are the rick half mile speedway

Winners at Antioch in Ford's Punt, Pass and Kick contest are: (l to r) Front Row, first place: Bob Sertic, 12; Dave Sheedlo, 13; Carl Amundsen, 9; John Humphreys, 8; John Schmidt, 10; Ron Nauman, 11. Middle Row, second place: John Ploss, 10; Mike O'Brien, 11; Lester Zitkus, 8; Tom Bailey, 9; Scott Gallagher, 12; Mike Lischewski, 13. Back Row, third place: George Roth, 11; Kevin Hasset, 10; Steve Haase, 8; Steve Sheedlo, 9; Rob Nauman, 12. (Staff Photo)

## SEQUOITS GAIN SOGGY VICTORY

The Antioch Sequoits, ankle deep in mud, soaked to the skin by a driving rain that became a torrential downpour in the second half, waded and sloshed their way Saturday to a 7-0 victory over Cary Grove.

As a test of talent the game was a waste.

Antioch looked bad; Cary Grove looked worse - on a field that would have made the Miami Dolphins look bad.

Players from both sides were unable to get any traction on the submarine field. Around the 30-yard line at the south end of the field the water actually was more than ankle deep.

Antioch's only touchdown came in the first quarter with 3:34 left before the rain became too bad. The score came after Terry Lear intercepted and ran the ball to the Cary Grove 40. Five plays later Mike Jones carried the ball into the end zone from eight yards out. Jim Hanson

added the extra point to make it 7-0.

The Sequoits threatened again before the half was over driving to the Cary Grove two-yard line, but were unable to score before time ran out.

Once again in the third quarter Antioch moved the ball to the enemy 12-yard line but was again stopped.

Those three drives accounted for virtually all the offense in the game. Cary Grove moved the ball past the 50-yard line.

Cary Grove ran 35 offensive plays for only 56 total yards. Only 13 of those yards were picked up on the ground in 25 tries. Antioch ran 49 offensive plays for 158 total yards.

Bob Bailey was the leading ground gainer for the Sequoits with 81 yards in 16 carries through the muck. Floyd Davis was next in yardage with 32 yards in 15 jaunts. Quarterback Darrell Channell added 19 yards and Mike Jones chipped in with 14.

Defensive Coach Bruce Bar-

tosz's crew were the real heroes of the game. The Sequoit secondary in four games this season has now allowed only 28 points.

The defensemen forced countless fumbles and intercepted three enemy passes - two by Terry Lear and one by Frank Pleviak.

Rick Sedar turned in eight solo tackles and assisted on three more.

Cary Grove Athletic Director Al Bohrer, who watched the game from the press box above the bleachers, said he believes it is silly to play in weather as inclement as Saturday's. He said games in such weather are decided on breaks, not on talent.

He said he believes there is a somewhat greater chance of injury to the players in games played under such conditions.

Bohrer added that games in such weather can be very expensive as well, because of damage to the field, water wear to equipment, and box office losses.

Bohrer said the Cary Grove athletic department once estimated a loss of \$1000 - 1200 in a game with Sycamore in weather like Saturday's.

Antioch Head Football Coach Roy Nelson does not agree that

## SOPHOMORE SEQUOITS LOSE

Drizzle, then rain spelled the difference Saturday for the Sophomore Football Sequoits. The rains held off until the second half, but Cary Grove had scored a touchdown and a two point conversion to lead 8-0. The rains then came and stopped any hope of the Sequoits mounting an offensive threat.

Cary Grove scored another touchdown late in the game after Antioch gambled on 4th down deep in their territory and failed to make a 1st down.

For the fourth week in a row the Sophs played a close hard hitting football game. On offense fine performances were turned in by ends Mike Walsh and Dan Vos, Tackles Dennis Pederson and Mike Harmon, Center Dick Kessler, and Backs Joe Carole, Tim Sheppard, John Fenner, and Jim McLellan. Defensively Gary Connelly, Dennis Varney, Rick English, Marc Wiskeman, and Wayne Blaker played well. Mike Riedlinger and Dave Bogaerts were elected Honorary Captains for the game. The Sophomores play next Friday at Lake Zurich at 5:00.

the game should have been cancelled or postponed. He said he thinks the football field is considerably less dangerous when muddy because players are not hitting so hard without the traction of the dry field.

Nelson said he agrees, however, the game was no indication of skill. "I don't know what kind of a ball game it would have been if it wasn't wet," he said.

"That ball game could have gone either way," he continued. "I thought the kids played well considering the conditions."

Nelson cited place kicker Mike Grindley as a standout player in the game. Grindley kept Cary Grove deep in their own territory with his long kick-offs. He kicked the game's opening kick-off to the Cary-Grove eight-yard line and booted another to the 12 later on.

Next Saturday, October 6, the Sequoits travel to Lake Zurich. They will be trying to improve on a 1-3 record.

## PIERCE & PIERCE PACE ANTIOCH HARRIERS

Antioch Cross Country Team placed well at the Janesville Invitational Saturday, September 29. Out of 19 other teams the A team finished tenth, the B team finished ninth out of 15 other teams, and the C team finished seventh out of 9 teams.

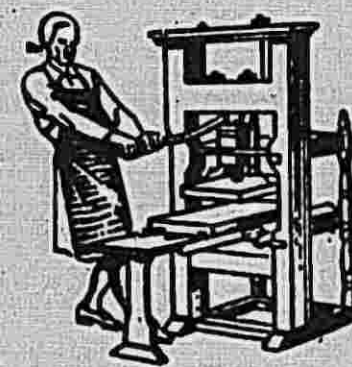

The guys ran a good race considering the three races were run very fast, and the length of the course was 2½ miles. Bill Harland was the only runner from Antioch to

receive a ribbon, he finished 15th, on the B team.

On Thursday September 26, Antioch ran in a tri-meet against Stevenson and Wauconda at Wauconda High School. The top finishers in that meet were Mike Corso, 2nd for the frosh-soph and Mike Harland 4th for varsity. The team finished the meet in second place.

The runners of the week are Jim Pierce, frosh-soph, and George Pierce for Varsity.

ANTIOCH'S  
"PICK-A-WINNER"

# CONTEST

**\$5.00 Weekly Winner**

## RULES OF THE GAME

This contest is open to everyone except employees and families of The Antioch News. Each week choose what you think the score of the coming game will be. Mail your entry form to P.O. Box 5, Antioch; or bring it into the Antioch News Office. Closest estimate wins. In case of winning score ties, the winning name will be drawn from a hat. Entries must be in the office or postmarked before the game. Winners will be announced in the following paper on this page.

This contest is sponsored by the following merchants:

**Enter Contest Today...**

**No Obligation,**

**Nothing to Buy!**
